Motorcycle Accident on Hwy 21

Emergency personnel worked slowly and methodically to assist an injured motorcyclist on Friday..

Written by Eileen Capson
BOISE COUNTY -- Boise County Sheriff's Deputy, Sgt. Scott Turner was impressed to say that the companion motorcyclist, "Couldn't have flagged down a better group of guys!"

Brian Cardoza, Supervisor with the Idaho City Hot Shots, was first on the scene with his crew of firefighters. They had just come from training in Boise and were equipped with chainsaws and tools. "They were squared away," explained Deputy Turner.

When the crew found the injured motorcyclist near the

Grimes Creek turnoff, the man had apparently sped off the roadway, missed hitting the rocks and "was hung up in some bushes." They quickly and carefully went to work to clear an area of debris in which to lower the man down onto his stomach. Although the man tried to move and pull himself, he was told by the crewmen to lay very still, until medical help could arrive.

In the meantime, on Friday afternoon, May 4th at about 3:45pm, the school bus came to a stop at the Mores Creek turnout. The driver was informed of the upcoming accident and that

an injured motorcyclist would likely be brought up on a board from the steep embankment, at the same time the school bus passed. Instead of telling the children not to look, as inquisitive as they are, she just drove by all of the flashing lights in hopes that the school bus didn't spontaneously turn onto its side from the weight of the children vying for a peek of the accident.

The officer recounted that it was not like a normal motorcycle crash involving a young man riding a "crotch rocket." This was an older, seasoned rider that had

been outriding an "enduro-type" motorbike. There were no skid marks from the roadway and it seemed that the driver had simply "drove off the corner." While interviewing the conscious man and reviewing medical history, it was determined that there may have been some pre-existing factors that could have led to this accident.

The man had been wearing a helmet, but it had been secured with an inexpensive clip and was thrown during the crash. He was cognitive enough to ask where he was several times, but had

been understandingly a little disoriented.

Deputy Turner said the motorcyclist was very "fortunate" to have avoided spinal damage. However, he did have a crushed sternum and broken upper back. The deputy was told by the man's wife that he was put into an immobilizing partial cast, but is hoping to recover. When Deputy Turner asked about returning the motorcycle to the family, the wife assured the officer that her husband was "never going to ride again."

Present at the scene were emergency responders, including: Mores Creek Ambulance, a Forest Service Law Enforcement, Wilderness Ranch Quick Response Unit and firefighters, Idaho City Hot Shots, Idaho City's Chief of Police and Boise County Deputies. Photos by Eileen Capson

HAPPENINGS

Garden Valley: Sherwood Forest Annual Garden Plant Sale - Opening May 14th. Come get wonderful plants, bedding and vegetable plants, for the mountain climate at \$2/shovelful.

Garden Valley: Fri, May 25th & Sat, May 26th, 9AM-4PM - Crouch Community Church Yard Sale, 8 One Way Lane. Middlefork Road approx 2 miles north of Crouch - watch for signs. Honey Bees Get A New Home

Al Hart of Garden Valley, gathering honey bees that swarmed a tree close to city hall. Photo by Janet Juroch

Written by Janet Juroch
Crouch -- Recently a swarm of bees were spotted on a branch of some trees located close to the Crouch City Hall

and Community Hall, where activities were going to take place for the Annual Spring Fling. A call for someone to remove the swarm brought

out locals Al Hart and Susie Alvord and a couple of other friends to gather the bees. They were identified as honey bees and were not attacking but were trying to protect their queen bee by swarming around her.

It was told by the bee keepers, that the bees most likely would have moved on because they needed more of a “hole in a tree” than the branch they were on to protect their queen and do their work of making honey. This colony most likely split off from another group and were trying to find a new home.

Hart came, suited up with “bee gear”. He gave a little burnt jute smoke to the bees to calm them down a bit. Then, he slowly moved the swarm into a beehive he had set on

the back of a pickup truck. The swarm stayed with the queen and only a few drones were still flying around. Not once did Hart get stung. In talking with Alvord and Hart, it helps to understand the bee’s needs and behaviors when working with a colony of bees.

Hart left the pickup and hive in its place to let the other drones slowly come into the hive before dark. Hart explained that the drones “probably sense the pheromones of the queen bee still on the tree and that is why some were still flying around. They will either

follow into the hive or they will simply die off within a couple of days without a queen.” A queen bee’s pheromones are strong chemicals and trigger a response from the drones to follow the scent. It is a chemical message received by the bee’s antennae and body parts.

His hope was that he captured all the colony of bees. Hart later came to get the truck with the hive and moved them to a different location, so the bees can begin their honey production. The Harts sell Grandpa’s Honey at the Crouch Merc and at the Farm-

Hummingbirds Return to Garden Valley

The male hummingbirds returned earlier than the females to fight for territories and ready their range for the return of the females. Jessica Pollock, a Research Biologist with the Intermountain Bird Observatory, identified this as a male Calliope hummingbird. Photo by Larry Grensing

SENIOR & SOCIAL CENTER NEWS
By Sheila Schoettger

Adios, Adieu, Arrivederci, Shalom. This is my 'Good-bye'. It's been a hoot!

I was given the honor of communicating with Idaho

World readers by the Board of Directors of the Senior Center after I was elected to the Board. And, because I resigned my position at our May meeting, I'm assuming that someone else

will be keeping you posted about activities at the Center and Granny's.

I'll miss you.
Go Broncos!

PASTELS
ARTIST JILL STOREY

Jill Storey stands by one of her pastel art pieces named "Snake River Reflections". Photo by Janet Juroch

Written by Janet Juroch
GARDEN VALLEY -- The Garden Valley Center for the Arts opening show for May has pastel drawings created by Boise artist Jill Storey. This show was her first ever show where she was the only featured artist and was quite humbled by the big turnout of folks. Her works cover many different scenes and topics. The pastel art is very detailed and pictures appear to be a photograph until closer inspection. The show runs through May.

Idaho City Council on May 2nd

By Georgene Thomas
IDAHO CITY -- The final approval was given at the Idaho City Council meeting on May 3rd for the increase in building permits fees. Mayor, Phillip Canody, will sign the contract to allow Idaho City's new Building safety requirements. It was reported that there was damage to the local cemetery with fallen trees, broken headstones and fences. The City Council agreed to pay \$500.00 to the Idaho City Historical Foundation to make repairs. Half of the \$500.00 was paid from the Idaho City fund, and the other half from the Cemetery fund. Trudy Jackson, with the physical help from prison inmates have removed trees, debris and made major repairs on the cemetery within the last two weeks. Dan Byer attended the City Council meeting to approve the checklist for the Gold Dust Rodeo on June 28 through July 1st. He said they anticipate about 150 people to attend this event. The checklist was approved the council members. Nancy Ling was designated as a record's custodian for Idaho City.

OBITUARY

Roger Longpre
June 6, 1930 - April 13, 2018

Roger Longpre was born on June 6, 1930 and lived on a remote ranch at Petty Creek, Montana near Missoula. His life revolved around horses and a mountainous frontier lifestyle that eventually led to his calling as a hunting guide for people from across the country. He then became a logger, using the skills that he gained on the ranch. Logging led him near Idaho City where he settled with his wife, Janice, until his death on April 13, 2018. Services will be held at the Idaho City Community Hall on May 26 at 3:00 p.m. A potluck supper will follow.

Cinco De Mayo at the Boise Basin Senior Center

Photo by Dee Woodstrom

BOISE BASIN -- The Boise Basin Senior Center sponsored an authentic Mexican fundraising dinner in celebration of Cinco De Mayo on May 5th. There was a “full house” with 75 tickets sold to the event! Idaho Power was kind to make a donation for the raffle. There were also other items generously donated by the community. Young ladies helped to serve at the dinner.

This was such a well-received event that there are some aspirations to make this an annual event.

Special thanks for all the dinner preparations goes to CarrieAnne Kowalczyk and Esteban Gonzalez!

Placerville Wildfire Preparedness Day

Dan and Jessica Gasiorowski helped set up for the Wildfire Community Preparedness Day on May 5th. Their aim was to teach kids how to be better prepared, should there be a wildfire near their home. The Placerville Fire Department passed out information, coloring book and even 10-year smoke & CO alarms.

Many of these items were donated by the U.S. Forest Service, StateFarm and from a FEMA grant.

Junior Mike Farrar on the mound for the Mustangs during the team's 11-1 win over the New Plymouth Pilgrims. Farrar has a 3.17 ERA for the season.

Photos by Tracy Koslosky

Horseshoe Bend Varsity Baseball: The Horseshoe Bend Mustangs played a non-conference game at home on Tuesday, May 1, against the New Plymouth Pilgrims where they took the mercy win in 5 innings with score of 11-1. Thomas Dunn (freshman) started on the mound and went 2.2 innings with 4 strike outs, no hits, and no runs. Mike Farrar (junior) relieved in the 3rd and 4th innings with 1 strike outs, no hits, and no runs. Chase Alford (sophomore) finished in the 5th inning striking out 2, giving up 1 hit, and 1 run off an error by the left fielder. Dunn had a single, a walk, and a hit by pitch for 2 runs and 1 RBI.

Angelo Koslosky (junior) put up 2 singles, a walk, a reached-on error, for 2 runs and an RBI. Hunter Howerton (freshman) scored 2 runs off a walk on and a hit by pitch with one RBI. Alford parlayed 3 singles into a run with 4 RBIs. Richard Lindstrom (sophomore) had a single and scored off an error with 1 RBI. Ethan Smith (sophomore) had a triple, a double, and a single with 1 run scored and 2 RBIs. Ben Howerton (sophomore) had 2 walks scoring 1 run. Rogelio Trevino (junior) scored off a triple with 1 RBI. The team traveled to Wilder on Thursday, May 3, to take on conference rivals, the Wilder Wildcats. Koslosky started and went 4 innings throwing 7 strike outs giving up 1 earned run off a single and 3 runs coming in off of defensive errors. Smith relieved and went the remaining 3 innings striking out 7 and giving up 2 hits for no runs. Smith brought in 3 runs off a triple, a single, and a base on balls. Koslosky had 3 singles good for 1 run and an RBI. Dunn scored 1 run off an error. The Mustangs won 5-4 putting them in a tie with the Glenns Ferry Pilots for 1st place in the Division 3 1A conference. They will play Glenns Ferry on Friday, May 11 (place and time TBA) to determine seeding for the state tournament to be held May 18-19 in Orofino. The team played the Rockland Bulldogs in a non-conference game on Monday, May 7 in Glenns Ferry. Smith opened on the mound walking 1 and striking out 3 for no runs in the 1st. Dunn relieved in 2 and 3 striking out 3 and giving up a

single for no runs. Alford came in for the 4th striking out 2 and walking a runner who was later caught stealing and put out on a throw down from shortstop Koslosky to Dunn at catcher. Farrar closed striking out 3 and giving up the Bulldog's only run after hitting a batter with a pitch. Dunn scored 5 runs with 3 RBIs off 2 doubles, 2 walks, and a hit by pitch. Koslosky scored 4 with 4 RBIs off 2 doubles, a single, and a walk. Alford put up 3 runs with 6 RBIs off a double, a single, and an error. Smith was good for 3 runs and 1 RBI off double and 2 hit by pitches. Hunter Howerton scored 3 with one RBI from bases on balls. Lindstrom had a double and scored off a single and an error with 5 RBIs. Farrar had a double for a run and 2 singles for a run with 2 RBIs. Trevino scored off 2 singles with 2 RBIs. Ben Howerton put one on the scoreboard with a single. The Mustangs took the mercy win in the 5th inning 25-1.

Horseshoe Bend Varsity Softball: The Mustangs Softball team traveled to Wilder on Thursday, May 3 to play the Wildcats in a conference game. The Mustangs came away with the win 28-5. On Monday, May 7 the team met up with the Garden Valley Wolverines at home for a double header. Game number 1 went to Garden Valley 17-12 and game number 2 was a win for the Horseshoe Bend team, 32-24. The team will take part in the District Tournament May 11-12 in Caldwell, game times TBA.

Horseshoe Bend Varsity

Track and Field: The Mustang Track and Field team traveled to Columbia High School in Nampa on Friday, May 4 to compete in the 1A WIC Conference Championship meet. Senior Blake Foster took 1st place in the high jump (5-08.00), 3rd in the triple jump (39-09.00), 3rd in the 400 meters (55.97), and 6th in the 200 meters (24.67). Junior Julia Black placed 3rd in the long jump (14-06.75), 5th in the 100 meter hurdles (19.59), 10th in the 200 meters (30.47), and 12th in the 100 meters (14.82). Junior Syringa Riley was 5th in the triple jump (28-10.25), 7th in the long jump (13-5.50), and 9th in both the 100 meters (14.76), and the 200 meters (30.35). Freshman Logyn Bromgard was 8th in the discus (97-10) and 11th in the shot put (34-01.50). Freshman Caedmon Graham finished 8th in the triple jump (33-02.50), and 14th in the 800 meters (2:28.27), 1600 meters (5:45.51), and the long jump

(15-00.50). Freshman Tyler Barry place 9th in both the shot put (35-07.75) and the discus (97-04). Senior Rachel Houle was 10th in the 800 meters (3:11.25) and 16th in the long jump (9-08.00). The team goes on to the District 3 track meet on Friday and Saturday, May 11-12 in New Plymouth.

Junior Angelo Koslosky pitching for the Mustangs vs. Wilder in the team's 5-4 win. Koslosky has a .65 ERA for the season.

BOISE COUNTY

Letter to the Editor

I would like to address the comments brought to the last couple of candidate forums, by my opponent, Charlie Haupt. It was stated that the commissioners had only budgeted \$25,000 for road maintenance. That was inaccurate. The \$25,000 that he said we spent on the roads, for the whole year, was actually a line item for dust abatement and things of that nature. Both Commissioners Ward and myself tried to correct the inaccuracy at the Idaho City meeting; however,

it was again brought up at the Horseshoe Bend Meeting. Then in the Idaho World, May 2nd addition editorial section, Mr. Haupt said Rick Barber stated “the county roads are totally dilapidated and unsafe.” And then went on to agree that Mr. Barber was absolutely correct.

The roads have been upgraded every year, that I know of. They are in better shape now than they were 10 years ago. I would like to know where all of the unsafe roads are. I believe you owe an apology to the road

crew and the bus drivers. The road crew gets up at about 2 or 3 o'clock in the morning, and plows the road, so that people can get to work on time.

I drive these roads all of the time and I don't see that they are in such bad shape. Sometimes when it rains or snows for 5 or 6 weeks, and the sun doesn't shine to dry them out, they get muddy and potholes in them.

The actual amount that's spent for grader payments, backhoe payments, excavator payments, tires, chains,

fuel oil, etc. is somewhere in the neighborhood of \$25,000 a week. That does not include wages or medical.

Mr. Haupt said that I stated it cost one million dollars to pave one mile of road. I have never stated that. That figure comes up when discussing CuMo Mine paving Harris Creek Road. The actual cost is around \$240 thousand for the hot mix that comes out of Boise to pave a road.

I also found it interesting that none of candidates for county commissioner came to any

commissioner meetings to see how they operate.

I would like to say that the current Board has worked very hard to listen and address all issues brought to us by the residents. I look forward to serving the community of Boise County for the next two years as your Commissioner. Vote May 15th.

Your vote will be appreciated,
Roger B. Jackson
District 1 Commissioner

RE-ELECT PAMELA GARLOCK

BOISE COUNTY CORONER

I am currently your Boise County Coroner and have served in this position since 2002. I also served as a Deputy Coroner for four years prior to being elected. The Coroner plays an important role in determining the cause and manner of death. This is done through scene investigation, interviews of family and witness, medical records review, and working closely with law enforcement in their investigation. The Coroner is responsible for the deceased and their property working closely with the County Treasurer to safeguard their property when no next of kin is known.

It has been an honor to serve you all during your difficult time of loss of loved ones.

My qualifications include:

Being the first ever elected Coroner of Boise County to be certified through the American Board of Medicolegal Death Investigators (I'm 1 of only 22 of the 44 County Coroners certified in Idaho) , Graduate of the University of Louisville in Death and Homicide Investigation, completed courses through the Public Training agency for Death and Homicide Investigation, Child Death and Homicide Investigation Scene to Courtroom Testimony, Fire Arson Death Investigation.

I have served as the Secretary/Treasurer, Vice President, and President of the Idaho Association of County Coroners and a member of the International Association of Medical Examiners and Coroners

It's important in today's world is to have a fully qualified and experienced Coroner in Boise County.

I would appreciate your vote on May 15

ALL ELECTION MATERIALS ARE PAID FOR BY PAMELA GARLOCK FOR BOISE COUNTY CORONER VERLINE GULLICK TREASURER

LEGAL NOTICES

Letters to the Editor

May 15th, the day to make some pretty important future decisions. A lot will be on our plates as voters, not just for Boise County but for our beautiful State of Idaho. This election period has put on display a special part of all those who chose to run for a seat. Every single person who put themselves out there did so out of love for their home, community, and state. It's not easy to campaign and I respect all who did.

I hope that my last 3 years will speak for me. There has been both good times and troubled times. But when I reflect back on these years, I feel proud of what I have done. I have never jeopardized my integrity, I have never been self-serving, I have always put the people who trusted me "in their backyard" first. I have made some people happy and, well, some people not so happy. However, I would like to believe that everyone felt heard and like they were at least treated fairly. I have had to make decisions I personally didn't like but was what was best for Boise County. I have no regrets.

I walked in to such turmoil in the beginning and today I feel there is calm, hope, and happiness. The employees of Boise County have become my friends. I hope they all know how integral each one of them is to the team. I am so very proud to see how great everyone now works together. The support they share with one another, both in work and out. I have watched many people come out of their shell, grow, learn and achieve success. I myself am a better person because of them.

I would very much appreciate your vote on May 15th. I would like to continue this work and walk proudly with Boise County in to a new and very exciting future. There are a lot of things on the horizon and I am ready and willing to meet them head on. I would like to take a moment to speak of the incumbents beginning with Roger Jackson and Mary Prisco. Like them or not, they are exemplary at their job. I can some-

times get stuck looking at the bottom line, and Roger brings a balance to that with his genuine concern for people and reminding me that there are often people behind those numbers. He is the endearing heart of the group. Alan Ward is not up for election but I would still like to share his contribution to our team. He keeps us level-headed and calm. He is thorough, fair, and strategic. I truly admire him as our leader. Mary Prisco is a wealth of knowledge. Some may consider her faith in others a fault, but when not taken advantage of, it's what makes her great. She knows her job. I can't stress that enough and I rely on her experience and knowledge a lot. She has the hardest job in the county sometimes. There is a lot that rests on her shoulders every day and not once have I ever seen her quit. I urge you to vote not with emotion, but to vote for the one who is most qualified. Chris Juscacak, the much-dreaded tax collector, is the fairest man I know. He knows he has a job that significantly impacts each of us. But it must be done and he keeps fairness as his number one priority. Gina Turner has been planning for this moment for years. I am going to check her voter box first because she is the easiest choice to make! Pam Garlock has been part of Boise County for a long time. That alone doesn't make her more qualified, but it is our tax dollars that we have all invested year after year in her as our Coroner. She's more than qualified, she is committed, let's keep that moving and not throw away our investment.

Please vote the incumbents back in and let's stay strong!

Laura Baker
Horseshoe Bend
Boise County
Commissioner

Hello, this is "Steamerbill" and I live in Garden Valley and I just had to write a "Letter to the Editor" on a Super Great VA Transportation Service that is Ex-

clusive To Veterans Living In Boise County. Thanks to a Grant Awarded to the Placerville AMERICAN LEGION POST 12, Boise County Veterans have an "as needed" VA Transportation Service that Includes a Very Nice 2017 Toyota Sienna with all the Bells and Whistles along with all the Patriotism in American Legion decals that is very classy and makes you feel like a Very Important Person (VIP) when arriving at the VA Medical Center in Boise.

I recently had the Honor of utilizing this service when I met Paul Stutzman, a Placerville resident, who volunteers to drive Veterans living in Boise County to the Boise VA Medical Center and to as needed medical appointments around the City of Boise. Being a Veteran living in Boise County I needed a ride to and from the Boise VA Medical Center, because of a Colonoscopy where the VA Requires that you have a ride to drive you to The VA Medical Center and return home ride from the VA Medical Center.

Well, I called Paul Stutzman and told him that I needed a ride to and from the VA Medical Center on April 30th and I needed to be there at 10:30am. Paul picked me up at 9:00am sharp and got me to my Colonoscopy appointment at on time. Then the VA wanted the "cell phone number" of my ride and I gave them Paul's cell phone number.

Well, after being briefly put out for the Colonoscopy, I woke up Groggy and got dressed. I was wheeled in a wheel chair down to the Front Entrance of the VA and there was Paul waiting for me in a VERY DECKED OUT, Very Official Looking Toyota Sienna and Paul waiting to pick

me up. I can honestly say that I felt like a Very Important Person as they loaded me up and drove me away. Plus, Paul had a Senior Center, take out waiting for me that was a Fish and Chips time lunch that really hit the spot!!! LOL

I highly recommend that if you're a Veteran living in Boise County and need a ride to the Boise VA Medical Center that you give Paul Stutzman a call at (208) 392-6731. I would like to Thank the Placerville American Legion Post 12 and Paul Stutzman for really helping me out Big Time in allowing me to have this Very Delicate Observation to happen and having my ride home.

Sincerely,
Bill Harder
AKA - "Steamerbill"

LEGAL NOTICES

Letters to the Editor:

When I decided to challenge Roger Jackson for the District 1, Boise County Commissioner seat, I made a commitment not to run a negative campaign. I did not want to attack Roger Jackson, I simply wanted to tell my ideas and desires to improve things in Boise County and let the voters decide. Unfortunately Mr. Jackson takes it personal.

During the time of the campaign we have attended three Candidate Forums in which the candidates have the opportunity to get in front of the voters and share their ideas and tell why they want to be the Commissioner. It is common protocol for the incumbent to speak first and then the challenging candidates. At all three forums I sat quietly while Mr. Jackson was speaking. I did not ask him any questions, I did not challenge him on any points, and I did not remark on his lack of important accomplishments while in office. Unfortunately, at all three forums when it was my turn to speak, Roger constantly interrupted me. Challenging my ideas, challenging the facts I presented, and telling me I didn't know what I was talking about. Totally rude, disrespectful, and ill-mannered. Not once did I ever say the problems with Boise County were Roger Jackson's fault. The accomplishments Rodger Jackson speaks about are getting some county buildings painted, 30 years in county/city government and 50 years in the logging industry. My question is, if Mr. Jackson thinks so much of his great performance as a County Commissioner that he can heckle down any new ideas, then why are our county roads in such bad shape they are unsafe? Why do we not have technical communications between the county seat and the Horseshoe Bend annex so county business can actually be done in Horseshoe Bend? Why does he think we should wait until CuMo Mines are all but up and running before we should do impact studies? Don't you think it might be a little too late by then? I could

go on and on about "why nots" but I won't. All I care about is getting Boise County on a path to prosperity and bring it into the 21st. century. I don't care to be one of the good ol' boys.

Charlie Haupt
Candidate for County Commissioner Dist. 1

TIME FOR A CHANGE.

The theme for this year's County Commissioner's race seems to be keep team Ward together to run County Ward. Team Ward cost Boise County \$93,381.90 in 2017 and \$96,301.90 in 2016. Do the math that is about \$50.00 hr. each and we are not getting anything done. We have a road department employee reflecting the current county attitude "maybe they should just move". The county employees get their attitude from the top; they are paid with tax payers dollars and should listen to and serve the people. Ordinances' "2018-01" is passed with limited notice and no real opportunity for public input. A brief Google Search would reveal this Ordinance has more holes in it than Swiss cheese. The position of Boise County Wild Fire Mitigation Manager goes unfilled even when qualified candidates apply. Wild fire season is upon us and the County Commissioners leave the position unfilled. You will not need Wild Fire Mitigation after the County Burns down. Let's wait till the animals flee the barn, then close the gate and blame someone else, IE County cash handling policy. This is typical of Team Ward, do nothing or do it without the public knowing about it or after the fact.

Time for a change, Vote for Chief George Butters and Charlie Haupt I have worked with both and they will listen and come to the people instead of making the people come to them between 9am and 4pm on Tuesday. Let's work to make this Boise County Great Again.

LEGAL NOTICES

Letters to the Editor:

Editor:
First let me state two things. 1. No other person, aside from myself had any input or influence on the contents of this letter, and 2. I do not now, nor have I ever accused anyone of any crime in the matter discussed here.

About two years ago I became involved with an effort to force a recall vote of Boise County Clerk Mary Prisco. The reasons were well documented at the time, so without a lot of detail, suffice to say we felt she had not adequately performed her sworn duties, and had created a hostile work environment that resulted in some long time employees of the County leaving their jobs. Her inattention to her duty allowed an employee to embezzle many thousands of dollars from us, the taxpayers of Boise County. The hostility present in the offices caused at least two people I am personally acquainted with to leave their jobs. Although we fell a little short of the required signatures to get this matter on the ballot, our reasons and resolve have remained. My purpose in this letter is to remind the 750 or so voters who signed those petitions that you now have a chance to complete the task we set.

Next Tuesday we have an opportunity to exercise one of the fundamental rights of a free society, we vote for our choices for the leadership of our government. I would not presume to tell anyone how to think, but I urge all Republicans to remember what transpired here and make an appropriate decision.

To help you remember, I include here a link for those who have internet capabilities, to a video which sums up the events described above. The video was shot by me and posted to Youtube by my step son, James Solomon on his American Sign Language Channel.

TIME FOR A CHANGE

The Boise County Board of Commissioners is out of touch with the needs of the county. I have attended all of the Candidate Forums that have been held in the central Boise County area and NONE of the commissioners have addressed the problems that have been brought up by their constituents.

The commissioners have consistently touted their “achievements” regarding the improvements to the Horseshoe Bend annex, the Sheriff’s Department and other buildings in Boise County. I have been but a casual observer of the workings of the Board of late but I have not heard a single word that addresses the critical issues about which our citizens are primarily concerned.

In every forum I have attended, the primary concerns of the voters are the condition of the roads, CuMo Mine project, and zoning issues, NOT building repairs. Those of us who routinely drive the roads know that they are a mess. They are dilapidated and unsafe. CuMo Mines could be a godsend or a time bomb. Zoning issues, primarily related to the mine, are also a major concern.

Citizens have been increasingly questioning how the mine and its operations will affect the infrastructure, environment and life in our communities. Laura Baker wants to “study” the problem but not if it costs the taxpayers “a dime”. That’s a pretty lame and irresponsible position for a commissioner to take IMHO. Roger Jackson apparently agrees with Laura.

Fortunately, Candidates George Butters and Charlie Haupt take a more positive and pro-active view. They are also taking a pro-active stance on advocating revisions to our current zoning laws in order to prevent tent and trailer slums from springing up because of the additional families the mine will bring to our county. Apparently, Laura Baker and Roger Jackson don’t share the same concerns. They both advocate a “wait and see” policy. The time to do a study is NOW while we have plenty of time to thoroughly and painstakingly review our options. It is more prudent to address the fact that

the bull might get out of the corral before it actually gets loose.

The April 25th issue of The Idaho World recounted a statement at the April 17th commissioner’s meeting. County Commissioner Ward spoke about the “ownership” of the Banks-Lowman highway and came to the conclusion that the county doesn’t own the road but has been maintaining it for 50 years. Why has it taken 50 years to come to that conclusion? Under which flat rocks have you guys been sleeping?

VOTE FOR A NEEDED CHANGE. VOTE FOR CHIEF GEORGE BUTTERS AND CHARLIE HAUPT. Let’s get some County Commissioners elected that will actually work for us, be responsive to our concerns and the problems facing our communities.

Richard Barber
Placerville, ID

Letter to the Editor:

Some “voting” facts to think about as you go to the polls next week...you do not have to vote for a person in each category on a ballot. If you don’t know who to vote for or if nobody you want to vote for is in a specific category on the ballot, then don’t check a box thinking that if you don’t, your ballot won’t count. Your ballot will still count for those that you voted for. Don’t just vote for someone because their name is on the ballot, vote for them because they stand for what you believe in and where you think the direction of Idaho and Boise County should be going in the future. If you don’t vote, please don’t complain about what is happening around you, try to do something about it.

Remember, May 15th is the day to cast your vote, make it count!

BOISE COUNTY

Crouch Water Revenue Bond Explained

Written by Janet Juroch as interviewed with Mike Woodworth of Mountain Waterworks

What is a bond? It refers to public debt and so in this case with the water bond. The city would incur debt to pay for the water infrastructure but only by voter approval of this bond. A municipal bond is different from a taxing bond. The debt is not paid back from taxes but it is paid back by individuals paying their water rates of those who hook up to the system. If you don't hook up to the city water, then you are not paying any of those rates.

Is there a cost to voters upon approving the bond? No. The bond is simply there to show the city is ready to pursue grant funding with agencies through support of the voters within the city limits. The city needs approval to incur debt. The city will also set parameters of how much debt they can take in. Debt decisions will be based on how well the grant

funding goes.

Is it cost effective for customers to hook up? In the long run, hooking up to the city water system is going to end up being more cost effective than having your individual wells because those wells have a limited life span, pumps eventually need replaced, or the well will eventually need to be replaced. If you look at it from a long-term standpoint, it is more cost effective for the whole community. Most likely it will also help when selling property because for long term costs of a public water system is less expensive than long term maintenance of the well and pumps.

Benefit to customers to hook up to a city water system: The benefit would be that you would have a reliable water supply, there would better drinking water from a public water system that is tested and be known to be free of contaminates. That is always a big question mark for a lot of individual wells. Not many wells

are tested regularly unless they are voluntarily tested. A guaranteed safe supply of drinking water is provided with city water and not have to worry about whether your well goes out or you need a new well pump.

What happens if bond passes? Once the bond passes, there are opportunities for seeking several grants to buy debt down. The city needs secure grants to make the water infrastructure affordable. The bond must pass to be competitive to apply for grants and is the prerequisite to apply and be competitive for any grant funding.

What happens if bond does not pass? If the bond fails, the city is really left with no options to increase infrastructure.

How does the bond assure the grants? The bond allows the city to go into debt. By law, the city cannot take in debt without voter approval.

How soon can this project start if the bond passes? Grants application to the Dept.

of Commerce block grant are due around Thanksgiving. Those funding announcements come out spring next year. DEQ grants come out in the spring. The City of Crouch could know what grants are ready to use within about 11 months from now. If there is substantial grant money to use for the project, then design and construction could proceed in 2019. Construction could most likely be done in one year. Everything would be ready for hook-up.

Looking at Long-term benefits: Long term water and sewer is always better for everybody but there is always resistance to change. Property value is better when you have a viable water system than dealing with older or deteriorating wells and no city services. Investing in some infrastructure is needed just to be able to keep things the way they are. This is not talking about growing, but this is about having enough infrastructure to be able to keep

City of Crouch Water Tank - submitted by Mountain Waterworks

businesses thriving the way they are. Some level of investment is needed just to keep things the same.

Voting: Whoever lives in the city limits can vote on this whether they are renters or property owners. Business owners do not vote simply because they might own a business in town. Every voter must *reside* in the City of Crouch. If anyone wants to know more, stop in the Crouch City Hall where there are informational pamphlets with more details regarding the water bond. **KXGV-LP, 98.5** will also have an interview at 2:00pm on May 10th, regarding the water revenue bond information.

Letters to the Editor:

Hello Boise county and welcome to spring and all the new life that comes with it. Once again it is time for us to give the nod to those we wish to lead us in our local and county government. I have had the pleasure of serving Boise County voters for the last three years as your district two commissioner and have also had the pleasure of serving with Laura Baker, Roger Jackson, Mary Prisco and Chris Juszcak. In my opinion these folks are excellent at the work they do for Boise County and I hope you will join me in casting the votes that will keep them in such an important leadership role. Please consider a vote as I will for Gina Turner as Treasurer, as I can assure you from my experience, she will be an excellent addition to our team. Please use caution with information from the nay sayers like Gasiorowski and Scarborough as bad information leads to bad results and the future of Boise County is much too important for foolish games. Thanks for your time and please go vote for a positive Boise County.

Alan Ward
Garden Valley
Boise County
Commissioner

This is another episode of my ongoing review and analysis of the “2 Forks Recreational Water and Sewer (Taxing) District Waste Water Facility Plan” dated November 2016. It was signed on November 4th, 2016, by Tim Farrell and Stuart Robb Hurley, both registered Professional Engineers. Personally, I find it both odd and irresponsible that neither 2 Forks nor the Boise County Commissioners could find it in their budgets to make one copy of this tax plan available to the public at one library. But it rhymes with their support for the highest cost alternative and attempt to disband the P&Z Commission. Like so many things about

this \$20M tax bail-in, a lot is either secret or obfuscated. I obtained my 503-page soft file copy from the 2 Fork’s contractor. After all it was partially financed by the public. If executed as planned, it will financially burden everyone in Boise County, especially Garden Valley residents for decades into perpetuity. Once 20 miles of collector and connector pipe are cemented deep under the roads of Garden Valley the die will be cast. No one will escape the tax man. No one. One way or the other everyone will pay, either directly or indirectly. The main theme of this tax plan, “...eliminate thousands of individual septic systems and connect the communities of Garden Valley, Crouch and Terrace Lakes to a centralized wastewater treatment facility” resonates perfectly with the 2 Forks Mission Statement. Forget common sense. Throughout this plan, their “Professional Engineers” pound away at the dire threat posed to ground and river water quality by septic systems. There’s nothing about the huge quantity of ground water local aquifers will lose to centralized processing south of the river. Their own testing, which shows **ammonia and combined nitrate-nitrite concentrations were less than the method detection limit in all (test) samples**, does NOT support the plan’s relentless narrative. Perhaps that’s why the plan is not generally available to the public.

It’s interesting to note that, “the WRRF has operated without a discharge or reuse permit since 2013.” **Why?** Well, it seems “...a request to renew the permit and add Class D reuse was submitted to the IDEQ by Pharmer Engineering in 2012. The permit renewal application was determined to be incomplete by the IDEQ and was not approved...”. Not surprisingly a good chunk of that \$20M cost estimate is to get 2 Forks right with the law.

John A. Jauregui

LEGAL NOTICES

To: The Unknown Heirs and Devisees of Buddy L. Skinner

You have been sued by Federal National Mortgage Association (“Fannie Mae”), the Plaintiff, in the District Court in and for Boise County, Idaho, Case No. CV08-18-00063.

The nature of the claim against you is an action brought to judicially foreclosure on the property located at 57 Johnson Creek Road, aka 59 Johnson Creek Road, Boise, ID 83716 that you may have an interest in.

Any time after 21 days following the last publication of this summons, the court may enter a judgment against you without further notice, unless prior to that time you have filed a written response in the proper form, including the Case No., and paid any required filing fee to the Clerk of the Court at 420 Main Street, Idaho City, Idaho 83631 (208) 392-4452 and served a copy of your response on the Plaintiff’s attorney at Shelly M. Espinosa of Halliday, Watkins & Mann, P.C., 376 East 400 South, Suite 300, Salt Lake City, Utah 84111, (801) 355-2886.

A copy of the Summons and Complaint can be obtained by contacting either the Clerk of the Court or the attorney for Plaintiff. If you wish legal assistance, you should immediately retain an attorney to advise you in this matter.

Dated: 4/16/2018
Boise County District Court
By Alicia Schiffer, Deputy Clerk

PUBLIC HEARING
Wednesday May 16, 2018
7:00 pm

NOTICE OF FEE INCREASES

The City of Horseshoe Bend proposes the following fee increases beginning July 1, 2018 for the City of Horseshoe Bend:

- A fee increase for non-resident water users to equal 1 ½ times the rate of resident users as set in Ordinance 7-1-14.
- Fee change of sewer rates to reflect usage at 80% of water usage instead of a flat fee.
- Fee change for multiple hook ups on one meter to reflect a flat fee plus a per 1000 gallon fee for water usage instead of a flat fee charge per hook up.
- Fee increase of per 1000 gallon fee, currently

\$1.31 per thousand gallons.

The fee increases are due to the additional costs of administration, operations and maintenance of the various programs. For information about specific fees and amounts please contact Horseshoe Bend City Hall at 208-793-2219, located at 112 Ada St, Horseshoe Bend, ID 83629.

All Citizens are invited to attend a Public Hearing on the proposed fee increases on Wednesday May 16, 2018 at 7:00 pm at Horseshoe Bend City Hall, 112 Ada St., Horseshoe Bend, Idaho.

City Hall and the Council Chambers are accessible to persons with disabilities. For accessibility arrangements, please contact the Horseshoe Bend City Clerk at 208-793-2219 at least 48 hours in advance.

BOISE COUNTY WILDFIRE MITIGATION MANAGER/FORESTER POSITION

Boise County is seeking to fill this recently created position, which reports directly to the Board of Boise County Commissioners. Essential functions of the position include:

- Management of funds and expenditures associated with the Wildfire Mitigation Program.
- Developing and

administering Community Wildfire Protection Plans throughout Boise County and promoting wildfire safety, home defense techniques and wildfire mitigation activities.

- Design and implement fuel modification projects throughout Boise County, to reduce the danger of wildfire impacts to homes and developments.

- Enhances multi-jurisdictional responses to wildfires, as required by Boise County's Community Wildfire Protection Plan.

Applications can be printed from the Boise County website www.boisecounty.us or picked up from the Clerk's Office at 420 Main Street, Idaho City, ID 83631. You may also submit completed applications by email to mprisco@co.boise.id.us. Please also submit a resume with your application. Boise County is an Equal Opportunity Employer and gives Veteran's Preference in its hiring practices.

COUNTY JOB OPENING: BOISE COUNTY SOLID WASTE/NOXIOUS WEEDS SUPERINTENDENT

Boise County is looking for qualified candidates to fill this dual department supervisor position. The position reports directly to the Boise County Board of Commissioners. A general summary of the position follows:

Solid Waste Department: Plans, manages, coordinates, and supervises the implementation of the Boise County Solid Waste Program, as required under Idaho Statutes and Federal/State regulations. Superintendent is responsible for supervision of employees assigned to the Boise County Solid Waste Department and is required to evaluate personnel, assess equipment needs, and monitor the budget as appropriated by the Board of County Commissioners.

Noxious Weeds Department: Administers the Boise County Noxious Weeds Control program, in accordance with Idaho Noxious Weeds statutes and other related State and Federal regulations. Supervises all employees assigned to the Noxious Weeds Department, including evaluation of department personnel. Responsible for the assessment of equipment needs and monitoring of the department

budget as appropriated by the Boise County Board of Commissioners.

Applications can be printed from the Boise County website www.boisecounty.us or picked up from the Clerk's Office at 420 Main Street, Idaho City, ID 83631. You may also submit completed applications by email to mprisco@co.boise.id.us. Please also submit a resume with your application. Boise County is an Equal Opportunity Employer and gives Veteran's Preference in its hiring practices.

Contractor Opportunity
Boise County is looking for contractors with heavy equipment to be added list that the county will use to hire for services for emergency response and recovery after a natural or manmade disaster. If called up for services, contractors would be under the direction of County, State or Federal Incident Commanders or Authorities. Applicants will need to fill out a contract for the county that will be approved by the County Commissioners and managed by the Boise County Emergency Manager. There will also be forms to fill out identifying each piece of equipment, insurance information and cost rates. Please contact the Boise County Emergency Manager, Bob Showalter, at rshowalter@co.boise.id.us or call 208-807-0082 for more information.

Garden Valley's Spring Fling Event Success!

Written and photos by Janet Juroch
CROUCH / GARDEN VALLEY -- Spring Fling was a huge success and was sponsored by the Garden Valley Syringa Club and the GV/Crouch Historical Museum. Saturday's cloudy skies and warm temperatures brought out many people to enjoy the day events with informational booths, community garage sale, plant sales, grand openings, museum tours, kids activities and lots of Cinco de Mayo food at many local establishments.

GV Syringa Club plant sale of Huckleberries and Syringa plants.

Kids are gathering candy after they broke open a pinata.

A baby goat was fed a bottle of the fresh milk from the nanny goat.

The Hub - sandwiches, pizza, ice cream, game room and inside seating.

Brushing miniature horses.

The Pioneer Village was run by Cole Youren, a descendant of an original pioneer family in GV. He branded kid's initials into a round of wood that they could take home.

The Trailhead and Indoor Archery Range - Garden Valley's department store and archery range.

Mayor Bob Powell (above right) assisted with the ribbon cuttings. Congratulations to Pony Express coffee and more drive-thru.

Outdoor Burning Permits Available Starting May 10

Written by Janet Juroch
BOISE COUNTY -- A reminder that May 10 is the beginning of fire season where burning permits for open burning are required until June 30th before the No Burn season begins on July 1st. The permits show the fire officials who has a planned burn. Seeing smoke can easily raise concerns. When neighbors call in seeing smoke, the fire department can then see if that person has their burn permit or if they need to go and address the source of the unknown smoke. The permits do not apply to logging slash or construction debris because they generally need to get a commercial permit for that type of burning. Proper burn permits are required for burning vegetation including tree limbs and yard waste. Burn Permits are obtained by contacting your local fire officials at the fire depart-

ments. There is no cost to get the permits. Also, you can go online to the Idaho Department of Lands at <http://burnpermits.idaho.gov/> and issue yourself a permit. Remember that it is a Department of Environmental Quality (DEQ) violation if you are burning household trash, even if it is a burn barrel. That affects the air quality. Paper and cardboard is acceptable but other items including plastic, painted boards, treated wood or glued wood. This creates a toxic smoke. DEQ violations cost more money, too. It is not too late to plan for the Boise County -No Burn County Ordinance that begins July 1 through Oct 20th. A "No Burn" policy will be in effect through all of Boise County. There are a few exceptions in the Boise County ordinance. Acceptable burning in designated campsites and inhabited

premises where fires are in a permanent barbecue, fire-pit, outdoor fireplace or incinerator and must be a minimum of 10 feet from any combustible material or non-fire resistive vegetation. Though the forest is wet and green right now, Garden Valley Fire Chief Jon Delvalle reminds everyone that fire season has officially starts on May 10 in Idaho. The weather can warm up with less moisture than what has been seen lately. It does not take long for vegetation to dry out. Often a lightning strike from a storm can cause fires quickly. The Boise County Office of Emergency Management and the local fire departments suggest looking at ways to make sure your home has Firewise landscaping. Go to www.idahofirewise.org for understanding the importance of being Firewise in wildland/urban interface.

Community Garage Sale (left) filled up Village circle in town.
