# Garden Valley School Board Motions to Bring the Supplemental Levy to a Vote

By Jennifer Haney and Eileen Capson

GARDEN VALLEY -- A meeting of the Garden Valley School Board was held on January 5, 2022. Michael Keith, a bond attorney currently serving as vice president in the Piper Sandler Idaho Public Finance Group, was invited to present information to the community on the proposed supplemental tax levy, which would help fund the Garden Valley Schools. Mr. Keith explained that a supplemental levy is allowed under the Idaho Code that permits school districts to ask voters to provide additional funding for a school district's operational cost. Therefore, the revenue can be used for any expenditure that is allowable under Idaho Code.

He explained that Idaho has often ranked last in the nation in per-pupil spending, according to the National Education Association. Currently, most school districts in Idaho use supplemental levy revenue to help pay for their operational costs, including salaries and benefits. Supplemental levies

Michael Keith, with Piper Sandler Idaho Public Finance Group addressed the public regarding the need for a suppllemental levy.

require a vote of 50 percent, plus one, to be approved, or 50 percent minus one to be rejected by the voters. These type of levies must be voted on every two years by those residing within the taxing district. Mr. Keith suggested that the levy could be an approximate increase in taxes; for example, on a medium-sized home it would come out to be about 2.75%.

Superintendent Randy Thompson assured, "We try and be very good stewards of taxpayer money." There has been concern that the current income for the school does not cover the entire budget. Superintendent Thompson stated that "without the levy, things will need to be cut."

A few concerned citizens asked to speak at the meeting, both for and in opposition of the levy.

The Garden Valley School Board met again on January 11th to decide if the supplemental levy would be on the ballot. For more information you can visit the link SUPPLEMENTAL LEVY 2022 INFORMATION | Garden Valley School or gvsd.net, contact Superintendent Randy Thompson, or one of the school board members.

School Board Chairman Skye Davis said, "It is of my opinion that we can't function without a supplemental levy." He then asked the board's treasurer, Morris Morgan, to speak. Mr. Morgan recapped on the special meeting held on January 5th, "This is how schools are forced now to raise funds by the local taxpayers, because in early 2000, the Idaho Legislature changed the rules so they could come out and say, 'We've reduced taxes.' But all they did was move the tax for schooling to the local school districts. And since then, the

The Garden Valley School Board met on Tuesday, January 11th, and decided to move forward with bringing the proposed supplemental levy to a vote in March for those residing in their district.

schools have needed to run supplemental levies. Secondly, the state does not reimburse us for all of our expenses. There's certain areas in our school where the percentage of the expenses exceed that of schools in bigger districts, just because we are smaller." Mr. Morgan also said, "Also, there are other expenses where the legislature would mandate or federal government would mandate that we do certain things, but they do not fund us to do that. They call unfunded mandates. They will pass a law, but not make funds available."

Mr. Davis addressed the CO-VID-19 funds received, "We are not allowed to use the CO-VID funds that we received towards anything that was already an expenditure. So, we can't use the COVID money to pay our teachers. We can't use the COVID money for expenses on employees, outside of teachers. So, anything that's a line item on the normal budget."

A motion was made by Mr. Davis: "I move that we approve a resolution of School District

71 Boise County, Idaho, calling for a special election to be held for the purpose of... authorizing a supplemental levy." The motion was approve unanimously.

The election for the proposed

school supplemental levy will be held in March of 2022.

# Fire Department's Annual Torching of the Trees

#### **By Tracy Koslosky HORSESHOE BEND**

-- According to Cause IQ's Idaho Directory, there are currently 51 rural, all-volunteer fire departments in the state. The Department of Homeland Security estimates that 69% of the more than one million firefighters nationwide are volunteers. Fire departments served by crews made entirely of volunteers protect over 35% of the United States' population (dhs.gov). The City of Horseshoe Bend is the beneficiary of one of those departments. The DHS estimates that communities save close to \$140 billion dollars per year thanks to volunteer firefighters. When the HSB Fire Department is not staving off a disaster, they can often be found giving back even more to the residents of Horseshoe Bend.

On Saturday, January 8th the department held its annual Lighting of the Trees. The event takes place on the 2nd Saturday in January and consists of one lucky individual winning a chance to "torch" the town's used Christmas trees while the rest of the community gets to watch the ensuing pyromaniacal show. Although short-lived, the dead Christmas trees exploded into a fiery light show for those gathered to watch.

Former mayoral candidate Jon (JD) Dufresne was the high bidder of the night, winning the chance to throw the

fire starting flare into the pyre for \$100. Dufresne passed on the opportunity in order to put more money into the Horseshoe Bend Fire Department's Burn Out Fund. The annual Lighting of the Trees benefits the Burn Out Fund, which helps community members who have suffered a house fire by way of short-term help with shelter, clothing, and food.

Rebekah Brown came in with the next high bid at \$80, but she too passed the "torch" for the benefit of the Burn Out Fund.

The Gorski family bid \$50 and 7th grader Cole Gorski sparked the trees.

Horseshoe Bend's all-volunteer fire department is committed to helping the community by continual training in structure fires, wildland fires, auto accident recoveries, swift water rescues, and community education. The community can give back to the fire district volunteers by donating supplies (Gatorade, Powerade, and bottled water are always welcome) or by giving to the Burn Out Fund. For more information contact Captain Jordan Jones (208) 860-0718 or send a direct message through their Facebook page at <a href="http://">http://</a> www.facebook.com/wivesof-HSBfire/ Self-motivated members of the community over the age of 18 who are interested in joining the department can contact Jones for more information.

**Present:** Commissioners Steven Twilegar, Robert Holmes, and Ryan Stirm (by phone).

#### Pledge of Allegiance **EXECUTIVE SESSION:**

Closed session for a "risk management" issue. [Time 9:03 am to 9:16 am] Acting Chairman Twilegar said that they talked about risk management, "but also talked about another issue... That issue pertained to paying road and bridge, and safety folks on the occasion that a paid holiday is not the weekend. They are not getting paid that time and a half." Twilegar made a motion to recognize the actual holiday as it relates to holiday pay for the Road and Bridge Department, and safety employees that have to work on a weekend holiday. **MOTIONS:** Commissioner Twilegar motioned to purchase with grant money two handheld radios for the Sheriff's Office for a total of \$3,797.76.

Reimbursement of the Bogus Basin grant was discussed. Twilegar made a motion to sign a document for reimbursement totaling \$139,688 for the Clear Creek - Bogus Basin hazard [fire] mitigation.

Acting Chairman Twilegar motioned to pay for the HVAC unit in the Sheriff's Office in the amount of \$3,520 for labor, installation, and equipment.

funeral homes in Boise County. They don't get reimbursed for mileage to come pick up the deceased and it's becoming a problem to get juneral homes to come up. The resolution says that the county pays a set amount for an indigent case. Prosecutor Strong addressed the issue and said it was what was agreed to by the funeral homes. The amount includes the transportation and cremation of that person, if they are indigent. However, if it's a funeral home in Emmett that is on call and the person passes in Lowman, it can be very expensive for the transportation.

PROSECUTOR: Commissioner Twilegar motioned to allow the prosecutor to increase the salary for the new deputy prosecutor that he would like to hire.

**SNOW:** Commissioner Stirm addressed the snowbank pushed about 10-feet high in front of the Horseshoe Bend Food Bank. They had to pay to have it removed and he thought they should be reimbursed, and that the county not push snow there again.

LIQUOR LICENSE: A motion was said to approve a liquor license.

**DEMAND WARRANT:** Twilegar motioned to pay for software in the amount of \$2,625. He then motioned to pay \$800 for the Garden Valley snow groomer ground lease payment.

**BOISE COUNTY REPUB-**LICAN CENTRAL COM-**MITTEE:** A representative from the Horseshoe Bend area spoke concerning responses to the COVID-19 pandemic and "liberties swept away." He read a prepared statement: "We, the Republican Central Committee of Boise County, Idaho, do proment with the Republican majority of the Idaho Legislature due to their utter and complete failure to act when we depended on them the most. Resolve: We see the need for local government to step in and make the correct decisions in the absence of our state government doing so. Therefore, we are asking the county commissioners of Boise County, Idaho to declare that Boise County is a mask and vaccine mandatefree county."

Commissioner Twilegar asked to clarify, "to not allow private businesses and anybody else to mandate to do what they want. Basically to mandate vaccines or masks." The gentleman agreed and included that he was not against wearing masks or getting the vaccine, "but that should be a personal decision."

Twilegar followed up by saying, "In my opinion, if a business wants to ruin itself by mandating masks and vaccines, they would lose some of its best employees. I hear what you're saying, but taking their right away to ruin their business or whatever they want to do - I mean, it's their constitutional right to do what they want with their business."

Commissioner Holmes agreed that "the county and the government should be a choice, even the school, which is a public entity, should be a choice." He said there should be "a happy medium somewhere," with the businesses.

Commissioner Twilegar asked if they knew of anyone in the county that was mandating masks and/or vaccines. The response was "schools" from a constituent and Commissioner Holmes said "they're trying to" for children. Twilegar wanted AL HOMES: There are no claim our extreme disappoint- to know if the schools were

mandating vaccines for teachers and said, "I've talked with Prosecutor Strong a lot about where the line is drawn in that, because they're an elected [school] board. He's basically told me, we have no authority really to do anything."

The representative from the Republican Central Committee read from an article, "Key elements to brainwashing or to creating mass psychosis include isolation, monopolization of perceptions, making compliance easier than resistance, use of media to enforce demands, threats, and fears. During COVID, society has been locked down, isolated for long periods of time. The government, big tech, and the media monopolized the narrative to the point of censoring any opposition. The narrative characterized compliance as a simple mandates as wearing a mask as good citizenship. The media reinforced the narrative by emphatically stating any alternative options were misinformation and leading people with anti-science. The government has threatened every person's ability to hold a job if they

don't get the jab. All this over fear over this disease that statistically you have 99% chance of surviving." He continued, "We see what's happening in this country and we've got to stop that from happening... you start it at the county level and that's why we're here."

Commissioner Twilegar concluded that they would "really be mandating that you can't mandate." He asked those present if the board could put this issue on the agenda and vote on it the following week. Twilegar added, "People who think life is going to go back to normal are wrong. I'm convinced that there will be no normal and as soon as the midterm elections go, they are going to ramp this stuff back up." He spoke about the proposed mandate, "this is really extreme to me, super extreme, because we're basically just saying you're in business, you cannot do that, is a very, very big thing to do." He asked that the Central Committee send their draft ordinance to him by email, "I'd like to rewrite some of it."

## ENCORE CARDEN VALLEY DRAMA CLASS PERFORMANCE

## By Linda Ruppel, DDS **GARDEN VALLEY --** Last

Thursday night was a treat for the community, the Garden Valley Drama Class presented their programs from the District and State Showcase competition. Their teacher Kea Loveland may be new to Garden Valley, but she is an experienced award-winning teacher from Nampa High School. She said she is enjoying being able to teach drama and music to all the grades here in a small school. She expressed how impressed she was with the hard work the kids put into their showcase. Mrs. Loveland is profusely proud of each one of them.

There were about 75 people in the audience and they showed their appreciation with a standing ovation for the cast and their teacher, who was presented with a bouquet of flowers, at the conclusion of the showcase.

What is a Supplemental Levy? A supplemental levy is a voter-approved (majority 50% + 1) county tax. The funds gathered from this levy are allowed to pay for the continued maintenance and operations of schools as per Idaho Code 33-802. Maintenance and opera-

tions include any general fund

expenditures.

• What is a school bond levy? A school bond levy is a voter approved (super majority 66 2/3%) county tax. Bonds can be used to acquire property, purchase school buildings, build new schools or facilities, or purchase equipment. Money that is received by the school from bond levies can only be used to pay the bond, not for maintenance, operations, or general fund expenditures.

- 93 of the 115 Idaho public school systems have supplemental levies.
- Supplemental levies have to be voted on every two years.
- Garden Valley voters have passed a supplemental levy every two years consistently since 2009. The supplemental levy was not requested in 2008-2009

when the bond passed and the new building was built. Supplemental levies were brought to and passed by voters before

• Garden Valley School District IS responsible for the following listed on your 2021 property tax bill: Tort, Bond, and Supplemental. The total tax rate for these in 2021 was .002058019.

What does the school use supplemental levy funds for?

- The State did NOT allocate funds to Garden Valley for the following in 2021: Curriculum, Athletics, and 35% of Transportation Costs (only reimbursed 65% of transportation costs).
- The State requires Garden Valley School District to spend \$110,458 for the maintenance and improvement of student occupied facilities. The state allocation for this requirement was \$20,795.00.
- The school district pays 100% of full time employee insurance.
- The following new opportunities are now being offered to students: Drama: related costs for competition, royalties, IHSAA fees & travel

HS Baseball - this has been requested by students and will

ensure Title IX compliance (we offer softball for female students). HS Baseball-related costs for travel, coaches, competitions, ISHAA fees.

- The perimeter road that accesses the boundaries of the developed area of the property is in need of rebuilding and repair.
- The State recommends that all Idaho school districts have three months of reserve funds to cover all school expenses.
- FY 2020 Special Education expenditures totaled \$597,494.64. State FTE allocation funded the SpEd teacher salary. Medicaid reimbursements totaled \$236,981.64. Supplemental funds helped defray the difference of \$360,513.00.
- In previous years supplemental levy funds have been used for these additional needs: teacher salaries, nurse salary, Student Resource Officer sal-
- An analysis of the budget for FY2021 indicated the difference between funds provided by the state and actual expenditures came to \$563,484.00. This difference was made up with the existing supplemental levy and local reserves.

#### Submitted by Idaho Power BOISE COUNTY -- Ida-

ho Power keeps the lights on 99.96% of the time, but weather-related outages can last longer. As winter weather continues, Idaho Power offers these important reminders to help customers remain safe and prepared for outages.

- Sign up to receive alerts of outages at your residence through your Idaho Power My Account.
- Maintain both home and car emergency kits with water and other essentials. For a full list of items to include in your kit, visit idahopower.com/outagetips.
- Keep a block of ice in your freezer in case the power goes out, and if it does, keep your refrigerator/freezer doors closed to keep cold air where it's needed most.

## If your power goes out:

• Check our online Outage Map or call 1-800-488-6151 to view or report outages.

- To protect your appliances, turn off any that were in use when the power went out especially electric ranges and space heaters — to prevent the possibility of a fire if you're away when power is restored.
- Only use generators in wellventilated areas, and ensure the total electric load on your generator won't exceed the generator's rating.
- Never connect a portable generator to house wiring or plug it into an outlet.

## Stay clear of downed power

Falling trees, high winds and car accidents occasionally knock power lines to the ground. Always assume any downed line is energized and dangerous. Stay clear, keep others away and immediately call 911 or Idaho Power at 208-388-2323 in the Treasure Valley or 1-800-488-6151. Learn more about what to do if a power line falls on your vehicle on Idaho Power's website.

The Horseshoe Bend Varsity Mustang team is undefeated in conference play after a big win against the Salmon River Savages in Riggins on Saturday, January 8. The 65-33 road trip win puts the Mustangs 3-5 overall and 2-0 in the 1A DII Long Pin Conference. Sophomore Porter Larson continued his bucket streak with 17 total points followed by his brother, senior Decker Larson with 14 total points. Sophomore Nic Cooper had a good showing

with 13 points. Junior Blayne Meyer followed with 7 points while his brother, senior Colten Meyer had 5 points. Sophomore Kaelun Jones contributed 5 points, sophomore Carson Drake had 5 points, and junior Jedi Graham put 2 on the scoreboard.

The team is on the road Tuesday, January 11 to take on the Garden Valley Wolverines (4-3 overall, 1-1 conference) and they'll travel to Council on Thursday, January 13 to face off against the Lumberjacks (6-4 overall, 3-0 conference) where the junior varsity game tips off at 6:00 p.m. followed by the varsity game at 7:00

Horseshoe Bend is at home for the first time in 2022 on Saturday, January 15 where the varsity Mustangs host the Meadows Valley Mountaineers (0-6 overall, 0-3 conference) at 6:00 p.m.

The team is at home again on Thursday, January 20 to play the Salmon River Savages for a final time in regular season play. The varsity-only match up starts at 6:00 p.m.

## **Opinion - Letters to the Editor**

Boise County/Garden Valley/ Crouch ruminations: It was so nice to see our Boise County Commissioners fawn over Dr. Ryan Cole and his idiotic and conspiracy theory ramblings. Dropped from some health care institutions and has an Idaho Medical Association complaint, what a professional! So glad our county commissioners are such adept medical professionals.

On Sunday, December 19 at approximately 1700, a Meridian couple and their teenage daughter got stuck in the snow just down the street from our house, in The Mountain Shadows Development. My wife and I walked down to see if we could help. The man was on the phone with a tow truck service in Horseshoe Bend. The towing service quoted \$700.00 to come up and just pull him out of the ditch, nothing more. Is this a great Boise County "what the market will bear" marketing campaign or merely a rip-off? Merry Christmas from a Horseshoe Bend busi-

Tim Fritzley sent out a very passionate flyer touting how his investments in Crouch, the Edge Resort, and the resort sewage system will save all of Crouch from perdition. He claims, if Crouch and its businesses could someday hook into the Edge Resort sewage system, that would save millions of dollars in lieu of Crouch building their own sewage treatment system. He provides no specifics, but consider: What will it take to run an underground sewer line from somewhere in Crouch to the Edge Resort treatment tanks; the cost for the businesses in Crouch to then hook into that underground piping for their disposal needs. The piping must at least go under Banks Lowman Road and also probably under Middlefork road to get to the Edge Resort treatment tanks. The costs for cut and cover, boring under roads, and hooking up multiple local systems to a primary sewage transport underground pipeline are not trivial. It will take significant time as well as significant disruption to Crouch during trenching, boring, and piping installation. But since Mr. Fritzley is a fifth generation Idahoan, his word is gold. And he is not from California, the blame for all Idaho's ills. It is also interesting that Mr. Fritzley uses the term "small resort" to describe the Edge Resort. Based on Mr. Fritzley's "Draft Fact Sheet for IPDES Permit No. ID0030015" the assumption of a total treated requirement of around 38,000 gallons per day at complete build out, I guess is small. Granted, the numbers may change as the draft permit shows three phases of construction, but "small"? And yet, Crouch needs an alcohol beverage tax and an occupancy tax to survive in lieu of some sort of better sewage treatment facility. Kudos to the Crouch voters!

**BOISE COUNTY** -- Surprise medical billing, or "balance billing" of out-of-network medical care, is one of the most pressing health and affordability challenges facing patients and their families, with millions of Americans receiving unexpected and unaffordable medical bills every year. In response, Congress passed the No Surprises Act in December 2020, part of the Consolidated Appropriations Act of 2021, which forbids patients from receiving surprise medical bills when seeking emergency services or certain services from out-of-network providers at in-network facilities. The Departments of Health and Human Ser-

vices (HHS), Treasury, and Labor were tasked with issuing regulations and guidance to implement the No Surprises Act, most of which was planned to go into effect on January 1, 2022.

The Departments of HHS, Treasury, and Labor released "Part 2" of the regulations surrounding this surprise billing ban this past October. This portion of the interim final rule (IFR) deals primarily with the independent dispute resolution (IDR) process to settle out-of-network payment disputes that will arise between providers and payers in addition to outlining requirements for healthcare cost estimates for uninsured individuals. The rule clearly provides that IDR entities focus their decisions on the qualifying payment amount

(QPA), which is defined in statute as the payer-specific median contracted amount for an item or service in the geographic area. As a result, the local market payment will be the most important factor in making payment determinations. This serves as both a regulatory victory for the National Association of Health Underwriters and a huge win for employers and consumers!

## All-Idaho Football

By Tracy Koslosky

HORSESHOE BEND -- The results are in and two Boise County High School football players were named to the 1A Division II All-Idaho football team. Senior Keegan Smith was able to zoom his way onto the offensive and defensive 1st teams for the 2021 season. Reaching 6'3" and weighing in at a healthy 240 pounds, Smith's brawn made him a stand out on both lines. Named the Long Pin Conference Defensive Player of the Year, this was the senior's second year being named to the All-Idaho defensive line 1st team where he finished the season with an impressive 64 tackles. Smith's teammate, junior Blayne Meyer, was named to the offensive 1st team as a running back. The 5'10" and 170 pound RB slung off tackles throughout the season to finish with 1,410 total yards while putting 25 touchdowns on the scoreboard for the Mustangs. Meyer took 2nd team honors for his skills as a linebacker for the defense. Pictured from left to right: Blayne Meyer and Keegan Smith Photo by Tracy Koslosky

## Thank you!

The Christmas Wish Tree was a big success. Thank you for the part you played in giving so many Garden Valley children a more abundant and joyful Christmas.

With over 40 plus volunteers that served 23 families and 54 kids. On top of those 40 plus volunteers was, the kindergarten class who made Christmas ornaments. folks that bought gifts for the kids, and the librarians who hosted the tree.

Sadly, GV varsity lost to Council despite their best efforts.

There were three games on Saturday, January 8th. GV Lady Wolverines fought hard, but lost to the Council team, 37-54. Photos by Linda Ruppel, DDS

The boys' junior varsity game was a nail-biter. They stayed neck-and-neck with the Council team and tied the score at the last second to send the game into overtime. Still fighting hard, they barely lost to Council 40-44. This was by far their best game of the season, even without the win, the team is very competitive.
