HSB New Pastor & Donation

By Tracy Koslosky
HORSESHOE BEND -- Through a partnership with Redeemer Lutheran Church in Boise, Grace Lutheran Church in Horseshoe Bend has a new pastor, Mariah Mills. Pastor Mills is the newly called pastor to Redeemer and will also serve Grace Lutheran during service at noon on Sundays.

Born and raised in Ohio, Pastor Mills attended Capital University where she received an undergraduate degree in Youth Ministry and Christian Education. Pastor Mills received her Master of Divinity from Trinity Lutheran Seminary. She believes deeply in equity and justice for all people as well as creating space for those marginalized groups that have been pushed away from the church by showing them that the world can feel safe and they can feel love. Mills and her partner, Michael Ickes, have a cat and a dog and spend their free time watching movies, trying new coffee shops, and exploring Boise.

The Lutheran Church recently presented a donation of \$406.90 to the Horseshoe Bend Community Schools program. The donation was part of Redeemer's Mission of the Month, which identified

Horseshoe Bend's Community Schools program as a worthy cause.

Grace Lutheran is a regular supporter of the community school, providing coats, shoes, boots, backpacks, school supplies, and snacks as needed. Grace Lutheran Church is located at 405 Highway 55 in Horseshoe Bend.

Christmas Wishes Await at the Garden Valley Library

GARDEN VALLEY -- The Garden Valley Library is hosting this year's annual Christmas Wish Tree for local children. Santa will be making a visit on Saturday, November 25th from 1pm to 3pm, before the outdoor tree lighting at 6pm. If you're not a shopper, donations are always appreciated, for purchasing additional warm mittens and hats for each child.

The Christmas Wish Tree Program has made a difference in the lives of children for the past decade in Garden Valley. Kathy Vaughan explained, "We have forty volunteers from all over the community, including members of the friends of the library." The group is striving to provide Christmas for over sixty children this year from the Garden Valley School District. Community members are asked to pick a tag from the Wish Tree at the library, return with the gifts by December 6, and a group of volunteers will wrap them for the children. The Wish Tree Program will also provide additional gifts, including stocking stuffers,

books, hats, gloves, and socks. Local children are invited to come visit Santa on Saturday from 1pm to 3pm. There will be craft stations, a Christmas reading corner, cookies and hot chocolate.

Toys for Tots Drive 2023

By Earl McCreary
BOISE BASIN -- Greetings Boise County! I am Earl McCreary, the Boise County Toys for Tots Coordinator for the local VFW 142. It is that time of year again for the Toys for Tots Drive. Last year, the drive generated toys for 86 kids in Boise County. Our goal this year is to provide for at least one hundred children. Last year we were able to bring a lot of joy and happiness to these kids. Let's do it again this year.

The official kick off was on October 1st, with application deadline by December 1st. It is important to remember this deadline. This is a big program and the warehouse distributes to roughly 13,000 kids in the Treasure Valley. So, a lot of coordination goes into this program for it to be successful. The program is for children ages 0-12 years old. I am the primary contact point for getting the applications out to everyone and distributing the toys.

There are several different ways to get applications. The schools in Boise County will have them. I have posted in most Boise County Facebook pages with directions for how to get an application, or you can email me, Earl H. McCreary, at ehmccreary@gmail.com. Catapult into STEAM

By Tracy Koslosky
HORSESHOE BEND -- The Horseshoe Bend School District held their first Family and Community Engagement night on Thursday, November 16 in the cafeteria. The plan is to hold at least two events of this type each school year. This first engagement was a STEAM Night event.

STEAM is an acronym standing for Science, Tech-

nology, Engineering, Arts and Math. The idea behind STEAM education is that each element of it should foster the 4 C's of 21st century skills, which are communication, collaboration, critical thinking, and creativity.

The evening started with an Italian dinner followed by *Dream Big: Engineering Our World*. The short film is narrated by actor Jeff Bridges and features engineering marvels

throughout the world and their creators. At the conclusion of the movie, families were given brief instructions and all the material they needed to construct working catapults. Prizes were given out to the teams whose catapults were the most accurate, had the best distance, were the most artistically decorated, and to the catapult that was the most uniquely designed.

Opinions LETTERS TO THE EDITOR

Dear Editor,
Driving the Centerville Road I broke my right-rear suspension. My great mechanic, Scott, said the Subaru is not made to travel horrible roads like the Centerville Road, so we've been driving the Ranger, only to find out that Ford neglected to put any springs in it. The road should be paved with hot asphalt.

But at a close glance the north three miles is smoother than the south three miles which has continuous washboards. Bruce's gravel obviously has an ingredient that binds clay with sand with gravel. It should be examined by the county geotechnical service lab.

stretch of road. Our highly compressed bag runneth over!

On the bright side, several people waved or gave us an appreciative honk for our work. But the incredible highlight of our day was a wonderful lady who was driving a New Life Transportation van. She stopped and said, "I'm buying you dinner." When we objected to taking money for our efforts, she insisted and said she'd drop the bill on the ground if we didn't take it. So, we gratefully took the money, discovering later that it was a \$50 bill! Just an unbelievable act of generosity! We spent it all on groceries for several dinners and a breakfast or two. Just goes to show the kindness of strangers in our little town.

To those who litter our beautiful area, please STOP! While we greatly appreciate the appreciation, we prefer to come up empty on our litter-pickup sojourns.

Dear Idaho World,

A few days ago, we did a rather thorough litter pickup on Old Crouch Rd. in Garden Valley from Weilmunster Park to Banks Lowman and a bit beyond. The quantity of beverage cans (especially beer and hard seltzer), wrappers, and other debris (plus one dime) was astounding for such a short

Tis the Season for Boise National Forest Christmas Tree Permits

By U.S. Forest Service

BOISE COUNTY – The Boise National Forest has begun selling Christmas tree permits online, at Forest Service offices, and at several businesses throughout southwest Idaho. These permits allow for Christmas tree cutting on Boise National Forest lands between Nov. 18 - Dec. 25.

Permits are \$10 per tree, with a purchase limit of three trees. Online purchases are available at www.recreation.gov/tree-permits for an additional \$2.50 service fee, and purchasers must have the ability to print the permits. Permits are nonrefundable, for personal use only, and purchasers must be at least 18 years old.

All permit holders must follow the requirements and the map that accompany their permit. These permits only allow cutting on Boise National Forest lands and it's the responsibility of the user to know where they are. Smartphone maps capable of being used without cell coverage are available through the Avenza app (www.avenza.com).

Be aware that forest roads at higher elevations can be covered with snow and ice. Forest roads are not plowed, and visitors should

use extreme caution when driving. Call ahead and check websites for road conditions before heading out. It is a good safety practice to let a friend or family member know precisely where you are going and when you plan to return. Cell coverage is limited or nonexistent over most of the Boise National Forest.

The Forest Service, in coordination with the "Every Kid Outdoors" (EKO) program, provide participating fourth-graders a free Christmas tree permit. The EKO program is a nationwide call to action to build the next generation of outdoor enthusiasts. Fourth-grade students must first go to <https://everykidoutdoors.gov/index.htm> and complete the application process for a voucher. EKO vouchers can be used online and at Forest Service offices, but not at business vendors.

Christmas tree permits can be purchased at the following Forest Service offices beginning Nov. 20:
