Idaho City Fire Works Together to Make Community Safer

By John Ward

IDAHO CITY – The Idaho City Fire Protection District held an extrication and stabilization refresher course over the weekend. A big shout out to the East Boise County Ambulance District EMTs for joining us. The guys and gals brought the tools out and went over them. Everyone took turns stabilizing the cars with cribbing, struts, chains, and rescue jacks. We reviewed the importance of making sure a vehicle doesn't move at all before proceeding. The trick is to get a good base under the vehicle and remove weight from the suspension. We covered safety tips on air bags and went over the hazards of electrical vehicles and the specifics to watch out for when working on them. The EMTs got to spend some time in a vehicle while it was being worked on so that they better understood the movements, sounds, and feelings inside with a patient. This is a great experience so they can help calm a patient and keep them informed about what is happening around them. This knowledge can bring a sense of peace to someone that is scared, hurt, or confused. The team then learned how to use the hydraulic Combi tool, which is a spreader/cutter in one. The team also practiced using the battery spreader and cutter to remove doors, completely open the sides of a vehicle, remove the top, and roll a dash forward to get someone unstuck if they become trapped. The team reviewed how to safely remove glass and cover and protect those inside the vehicle, as

well as how to use a spreader to lift a vehicle to pull someone out if they are trapped. Our EMTs also got some tool time to give them a better idea and feel of what we are trying to accomplish on the outside. Our awesome Junior Firefighters were even able to use the tools,

learn what they are called, and how they need to be set up. It was a great day for all. Please remember and thank the many wonderful volunteers for their sacrifices and the time they invest to help rescue those experiencing an emergency.

BOISE COUNTY COMMISSIONERS

Transcribed by Eileen Capson

July 9, 2024

Present: Commissioners Clay Tucker and Lindy Lindstrom

Pledge of Allegiance

The Oath of Office for District 1 Commissioner was administered by Boise County Clerk Mary Prisco. Bob Callahan repeated back the oath to support the Constitution of the United States and the Constitution of the State of Idaho. He committed to “discharge the duties of the office of Boise County Commissioner... according to the best of my abilities. So, help me, God.” Commissioner Callahan’s family was in attendance. Chairman Tucker commented, “Congratulations, I’m excited to have you. Me and Lindy have been feeling lonely up here.” Tucker asked Callahan if he had anything additional to say, but he did not and the meeting proceeded as agendized.

MINUTES: Chairman Tucker motioned to accept the minutes from July 2nd. Commissioner Lindstrom seconded the motion, and all were in favor.

HIGHWAY 55 DISCUSSION: Prosecutor Alex Sosa gave an update as to the old State Highway 55, also known as Horseshoe Bend Hill. A public record from over twenty years ago revealed an agree-

ment between Boise County and the Idaho Transportation Department that ITD was going to “relinquish jurisdiction of this road from milepost 57.179 to 62.788 for a total of 6.09 miles total, and Boise County was to provide maintenance.” In 2000, the county assumed possession; however, it has not received a lot of maintenance. Sosa said he thought it was, “everybody’s intent that it was going to be abandoned and vacated legally as a public right-of-way.” He disclosed that there was nothing on the public record stating that it was officially abandoned or vacated.

Road and Bridge Director Curtis Dill was asked about the road and he said they maintain the top section of that road, Summit Ridge. Chairman Tucker stated, “The reason that they changed the hill was because that whole mountain is a landslide.”

CLAIMS APPROVAL REPORT: Dill answered a question from Chairman Tucker regarding dust abatement. Although a truck is still down, they plan to put down more dust abatement. Tucker motioned to pay the Claims Approval Report in the amount of \$247,996.19. All ayes, and the motion carried.

ALCOHOL PERMIT: A motion was said to approve an

Commissioner Bob Callahan (left- sitting on the Board of County Commissioners) joined Lindy Lindstrom (middle) and Clay Tucker (right). Photo by Eileen Capson

alcohol catering permit and the motion carried.

EAST BOISE COUNTY AMBULANCE: A new district and boundaries were discussed. A census of the population was discussed and hiring a company to do this research work. The clerk disclosed that the funds would come from the Boise County legal fund. An initial cost was expected to cost \$10,000. Tucker made a motion to authorize this work for dividing the districts for the new ambulance district in the amount of \$5,000. The motion was tabled.

EXECUTIVE SESSION: A motion was said to enter into a closed executive session to discuss a personnel issue. [Time 9:27am to 10:00am] Commissioner Lindstrom motioned

to remove a full-time position with East Boise County Ambulance and replace it with two part time positions, and revise the job description. The motion carried. Another motion was made to make a “sleep time policy” for EBCAD. All were in favor and the motion carried.

Alex Gross said that they have not received their new ambulance ordered back in 2021. And one ambulance was brought in to have the motor worked on and the cost was \$8,000, “which was at a very steep discount.” He made the company aware that they had been having so many issues and really needed their new

ambulance, “that it was becoming a matter of life and death all because we’ve been having so many issues and ambulances being down. They’re going to try to work and get us bumped up in their production line, but in the meantime, they have a loaner ambulance... that they are going to provide to us at no charge.”

BUDGET WORKSHOP: Each of the Boise County departments presented individually their budget requests for the next fiscal year. The budget workshop spanned from the Tuesday meeting and continued on Thursday.

Adjourned at 11:53am.

GARDEN VALLEY -- Geoff and Sandra Baum of Garden Valley held a 40th reunion at their home for the U.S. Marine Corps Air Station Crash, Fire and Rescue Unit last Saturday, 7-13-24. These men traveled from across the United States to join in the celebration. Upon their arrival, they were surprised to find that Geoff Baum had acquired a fire truck that they had

used back in the day, an Oshkosh P-19A that was used by the Marines. In the spirit of remembering the old days and curious to check it out, the

guests tested the water cannon and even joked about considering "rescuing" a cat.

The Baums had honorary t-shirts made for the occasion,

and were gifted with a true photographer to document the event. The guest of honor

was Lt. Colonel Bill Ford, accompanied by his wife, Ellen. Sandra Baum explained that

the group was formed in 1984, while stationed at El Toro Marine Corps Base in California.

Sheep Herd Comes to Crouch

The annual crossing of the sheep through Crouch was a treat for the community as they made their way to higher pastures. Alphonso the goat proudly led the way with a bell around his neck and the working dogs kept the sheep herded. The shepherds navigated the whole group through town.

Horseshoe Bend Flea Market

City Council will hold a meeting to discuss local vendors' space.

Photo by Tracy Koslosky

By Tracy Koslosky

HORSESHOE BEND --

The owner of Tumbleweed 2nd Hand Shop in Horseshoe Bend recently began renting space to local vendors to sell their wares in an open air market in the adjacent parking lot.

Since then, social media postings have likened the area to a "homeless camp" with the additions of travel trailers and RVs that appeared to have occupants.

The open air market was on the agenda for discussion at the Horseshoe Bend City Council meeting on 7/10. According to councilmember Patti Burgess, the owner, Nancy Moudy, was told to contact the city attorney to discuss proper licensing and permits. Burgess stated that

Moudy never had approval to open the outdoor market.

Moudy says she contacted the attorney and was told that she could no longer operate the weekend market. Burgess has suggested that the market be held in the city park where parking is plentiful.

Raft Launch Day Garden Valley Libraries Summer Reading Program

By Sara Krantz
Garden Valley
Library Director

GARDEN VALLEY -- It was raft launch day for the kids of the Garden Valley Library and boy did everyone have fun! Part of the library's Summer Reading Program was a six-week raft building workshop. The kids were grouped into teams and took on the task of putting together a plan for a raft design that the whole team could agree on. Each raft had to hold at least two people for the journey from the old rodeo grounds down to Calvary Church. The kids then had to build a model. Once that was done, each team was given a budget to spend at Payette Forward and Middle Fork Trading post for supplies. They also were encouraged to source materials from friends and family. Then came the hard work, building the rafts! The kids got to use their building skills, creativity, imagination (and a little spray paint) to make their vision become a reality. This activity taught the kids useful skills such as teamwork, engineering basics, budgeting, building, compromise,

and so much more. Launch day wrapped up with both teams coming out confident! A couple of adjustments had to be made once the rafts were in the water, but both teams made it down to the ending point and both rafts kept afloat. Everyone had a great time!

There is still time to par-

ticipate in the summer reading program where kids can earn prizes for their reading hours, and we have all sorts of other workshops and activities going on, so we encourage everyone to check our Facebook page and website for a full list of programs! Come join us at the library!

HORSESHOE BEND Community Cooling Station

Excessive heat has inspired a "Cooling Station" to open at the high school for community members to enjoy in the AC.

Photo by Tracy Koslosky

By Tracy Koslosky
BOISE COUNTY -- Due to the extreme temperatures in the area, the Horseshoe Bend Community Education Program has opened the high school student center from 1:00 pm - 4:00 pm, Monday through Friday, as a "Cooling Station." Community members can enjoy an air-conditioned space during that time where they can read, watch television, color, play games including ping-pong and Ms. Pac Man, or just relax.

An excessive heat warning

has been issued by the National Weather Service through Monday, July 22. Excessive heat warnings are generally issued when the heat index is expected to be 105 degrees for at least two days and nighttime temperatures will not drop below 75 degrees. The criteria can vary from area to area but it is suggested that people take precautions as extreme heat can cause serious illness and even death. The center's schedule may be reevaluated depending on the temperature.

HSB House Fire

Two residents rescued from burning home. Photo by Tracy Koslosky

By Tracy Koslosky

HORSESHOE BEND -- A house fire damaged the upstairs of a home on Locust Street in Horseshoe Bend the morning of July 15. Horseshoe Bend Fire Department was dispatched at 6:22 a.m. to a potential structure fire on Adam Street, but upon arrival Fire Chief Jeff Johnson realized the fire was on Locust, directly behind the Adam location.

Two residents were found and removed from the burning home. Johnson said the department was able to contain the fire to the exterior and interior of a single room by their "aggressive fire attack."

The Horseshoe Bend Fire Department and the Boise County Sheriff's Department maintained a physical presence at the sight for most of the day. The cause is under investigation.

Chief Johnson was contacted by the Idaho State Fire Marshall's office who commended his crew on the "phenomenal job" they did. The Marshall's opinion was that the fire could have been as devastating as the whole house fire on Valley View in June. Chief Johnson said, "I can't say enough about my crew and their willingness to jump in. Not only did they do a great job working the fire, we also received a second call to assist EMS. My crew was able to switch gears, handle the secondary call, then come back and finish the job. All the makings of a full-time paid department." The Horseshoe Bend Fire Department consists of an all volunteer crew.

MEETING IN IDAHO CITY TO DISCUSS THE FIRE HOUSE

The Idaho City Fire Protection District invites the taxpayers to a meeting to help bolster our conversation with the City concerning the Fire House.

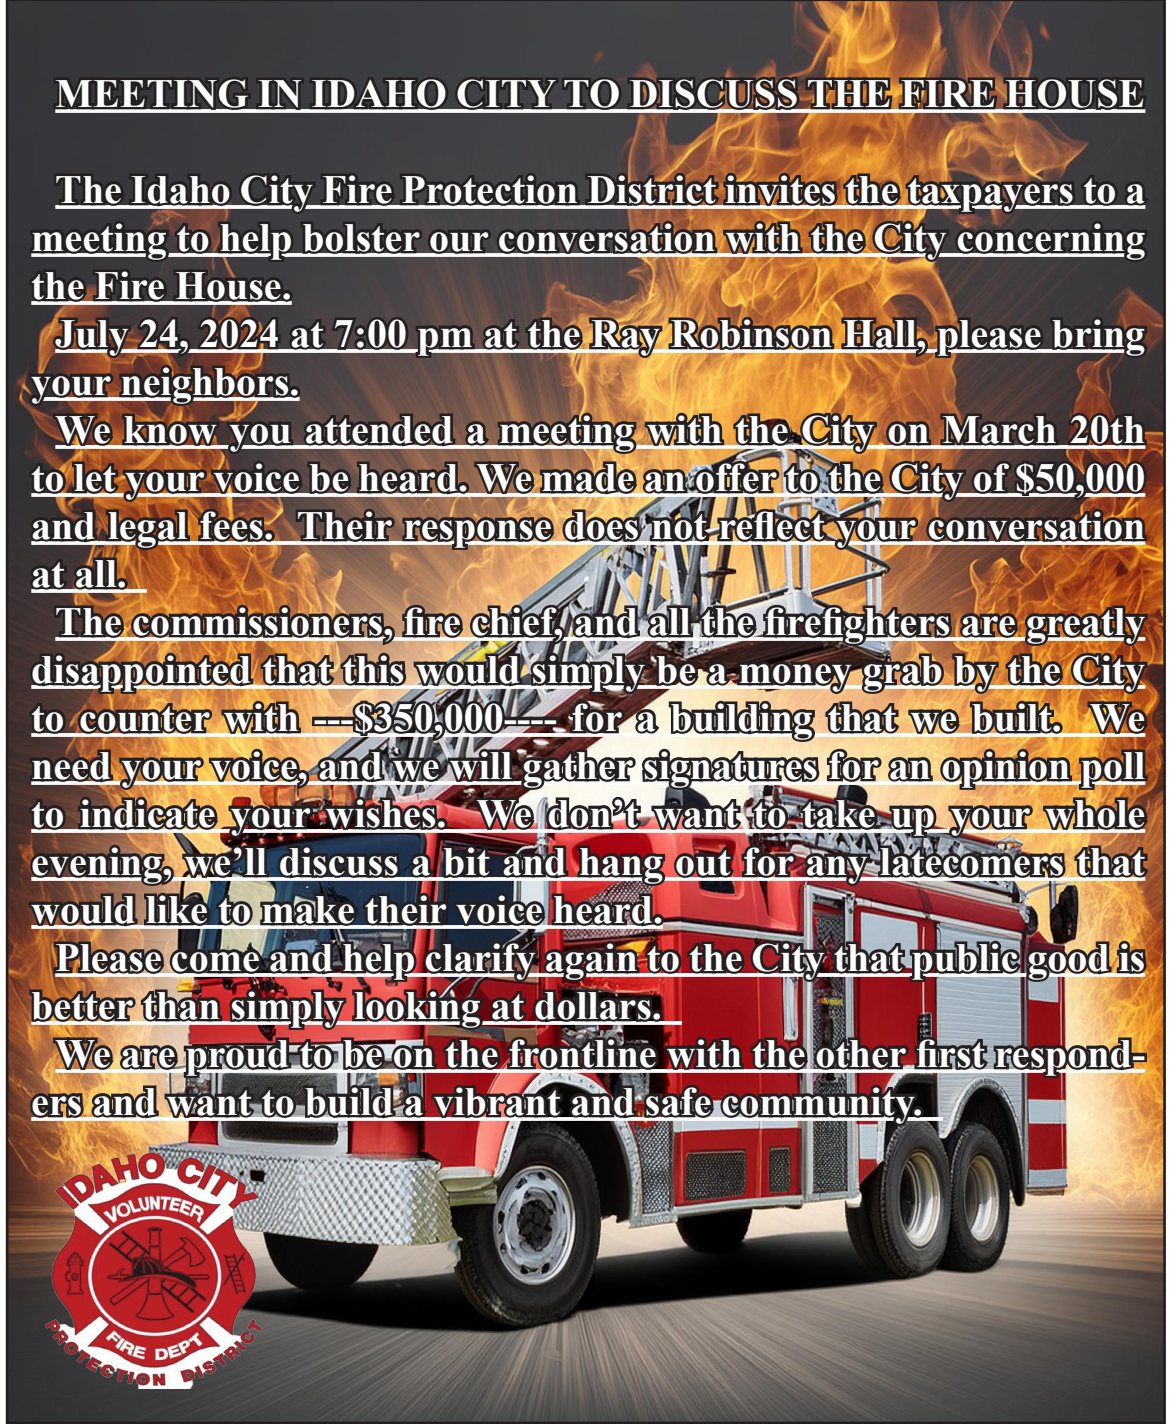

July 24, 2024 at 7:00 pm at the Ray Robinson Hall, please bring your neighbors.

We know you attended a meeting with the City on March 20th to let your voice be heard. We made an offer to the City of \$50,000 and legal fees. Their response does not reflect your conversation at all.

The commissioners, fire chief, and all the firefighters are greatly disappointed that this would simply be a money grab by the City to counter with --\$350,000-- for a building that we built. We need your voice, and we will gather signatures for an opinion poll to indicate your wishes. We don't want to take up your whole evening, we'll discuss a bit and hang out for any latecomers that would like to make their voice heard.

Please come and help clarify again to the City that public good is better than simply looking at dollars.

We are proud to be on the frontline with the other first responders and want to build a vibrant and safe community.

Stay Wild. Stay Connected.

Mountain Kids Day Camp Success in Idaho City

IDAHO CITY -- The last week of June was an exciting one for Idaho City area kids and teens, as Mountain Kids Day Camp had another great week of camp. The weather was nearly perfect for being outdoors! You'll no doubt see many kids walking around town proudly displaying their bright green camp t-shirts. There were 58 campers and about 100 volunteers who spent the week learning about the Bible and having fun at beautiful Camp Ivydale, June 24-28. Of the volunteers, about half were counselors, most of whom were local teens who generously volunteered their time to make a difference in the lives of Idaho City kids. Many of the teens were once campers themselves when they were younger, and this was a chance to give back to their community. The campers were ages 6-11, and they were enthusiastically "lavished with love for a week."

Campers enjoyed activities such as archery, pottery, woodworking, singing, ukulele playing, exploring electricity, swimming, hiking, puppeteering, board games, ping pong, pickle ball, and lots of arts and crafts. Krista Young, the Arts and Crafts Coordinator, showed the kids how to make gorgeous colorful tiles painted with ink and rubbing alcohol. On Wednesday, Heidi Ware and others from the Intermountain Bird Observatory visited to demonstrate the process of catching and banding hummingbirds. Some campers were able to hold a hummingbird and let it go!

Five years ago, MKDC was fortunate enough to have 12 brand new colorful ukuleles gifted as a donation. This year, retired Boise music teacher Paul Olson visited camp each day and, with patience and enthusiasm, taught campers and counselors how to play several chords and songs. There was even a "ukulele concert" at the Thursday evening family dinner.

Many local Idaho City area folks helped as volunteers this year. Local adult counselors included Ray Eklund, Chris Heacock, Ashley Pecora, Chris Phillips, Mindi Grant, and Michele Diehl. Donna Schmelzenbach, Anita Townson, and Randy Barham came up from Nampa to be counselors for the week. Joe Sirani and Mel Barrus encouraged kids to learn and experiment at the Exploring Electricity booth. Breck Young led several popular hikes, then gave the kids an opportunity to look closely at leaves, flowers, and feathers under a microscope. Arts and Crafts Coordinator Krista Young led a contingent of volunteers, including Melodee Barrus, Carrie-Anne Kowalczyk-Gonzalez, Kym Still, Cole Grant, Briana Hammons, Cathy Salo, Patricia Noble, Kara McCarrel, Emma McCarrel, Sarah Tortorica, Linda Sirani, and Kim Stewart, who guided and encouraged the kids through arts and crafts. Jill Moughamian organized mid-morning games and led action-packed music with Lisa Kindelberger both mornings and

afternoons. Kendra Lanham and Bec Emery helped kids make clay pots on two pottery wheels - a great experience for the campers! Lonnie McDonough, Brittney Williams, Woody Correll, and Tammy Correll took turns enthusiastically coaching archery. Woodworking, led by locals Mitch Tain and Bill Grable, was very popular this year, with wood projects including stepstools and bird and butterfly houses. Cathy Hancock, from Idaho City, was our cheerful Camp Nurse. Tara Higgins, Hayden Higgins, and Brittney Williams took turns as pool managers and did a great job. Darcie Altree and her dad, Randy Harris, served as our excellent lifeguards. It was certainly a team effort with lots of encouragement given to each child! Even though the water was cold, all the kids really loved swimming!

The kitchen crew was led by Cheryl Davis from Nampa, assisted by Elaine Olson, Linda Leach, Linda and Roane Maurice, and several others. This crew made sure the campers had plenty of tasty snacks all week and helped with crafts in the afternoons. They also organized a delicious chicken dinner to serve to all the campers, volunteers, and families on Thursday evening.

The excellent speaker this year was from New Plymouth Church of the Nazarene. Pastor Suzanne Plantenga and her team of Donette Morgan and Olivia Plantenga taught the campers about Jesus, explaining who He is, what He did, and why He did it. They creatively entertained the children, teens, and adults all week. Steve Higgins served each day as Junior Counselor Coordinator and Howard Henning was Huddle Group Coordinator, both jobs took lots of hard work and energy. Marilyn Eklund and Carter Elliott were both very able and helpful Counselor Coordinators. Gilda Lewis served as the Camp Photographer. Breck Young, Mitch Tain, Bill Grable, and Danny Green took charge of much of the set-up and take-down. Many parents also helped with set-up and clean-up and provided food for snacks during the week. The whole community came together so our local kids could have a terrific, memorable week of camp, free of charge to their parents. All camp staff are volunteers. Idaho City Christian Center was especially helpful, as they have been for many years, by allowing the camp training sessions to be held in the center, in addition to several leadership planning and work meetings over the last few months.

The MKDC Leadership Team is made up of Jennifer Alban, Marilyn Eklund, and Jill Moughamian. They have been meeting since February to plan and organize the many details of Mountain Kids Day Camp. One big highlight of the week was the baptism of nine campers on the last day, and many others choosing Jesus to be their Forever Friend. Many parents and

relatives attended the baptism, and the audience was enthusiastic as they gathered around the swimming pool to watch as Pastors Jason Kindelberger and Suzanne Plantenga did the baptism.

Jennifer Alban, Executive Director of The Isaiah Foundation,

the non-profit which runs the camp, said, "I really appreciate the support of the parents and community people who have contributed both their time and financial support to make camp happen. This is a huge team effort, and we do it for God and for our local kids and

their families."

Donations of any amount are always appreciated, as The Isaiah Foundation is funded solely by donations. Donations to help fund camp next year can be sent to: The Isaiah Foundation, P.O. Box 777, Idaho City, ID 83631.
