Toys for Tots Drive 2024

By Earl McCreary
BOISE COUNTY -- Greetings Boise County, I am Earl McCreary, the Boise County Toys for Tots Coordinator for the local VFW 142. It is the time of year again for the Toys for Tots Drive. Last year the drive generated toys for 110 kids in Boise County. Our goal this year is to provide for at least 120+ children. Last year we were able to bring joy and happiness to these kids. Let's do it again!

The official kick-off was on October 1st, with the application deadline on December 1st. It is important to remember this deadline. This is a big program, and the warehouse distributes to approximately 18,000 kids in the Treasure Valley. A lot

of coordination goes into this program for it to be successful. The program is for children ages 0-13 years old. I will be the primary contact point for sending the applications out to everyone and getting the toys distributed.

There are several ways to get applications. The schools in Boise County will have them. I have posted in most of the Boise County Facebook pages with directions to get an application, or you can email me at Earl H. McCreary ehmccreary@gmail.com.

For those that would like to donate toys for this drive, contact me at the above email address. For any businesses that would like to have a donation box, I can help with that as

Idaho Power Issues Statement on Valley Fire

Submitted by Idaho Power BOISE COUNTY — The Idaho Department of Lands, which is leading the investigation into the Valley Fire that started east of Boise on Oct. 4, has finalized a report concluding that Idaho Power equipment was involved in the ignition of the fire.

The report states that a cross arm on an Idaho Power pole broke and likely caused an energized wire to contact the ground. The report found no

evidence of rot or bug infestation and no visible alterations to the cross arm other than those necessary to support the line. Idaho Power inspected this line three times this year, including the cross arm that appears to have broken, and no issues were noted in either ground or helicopter inspections. As noted in the report, the fire did not damage any structures, vehicles, or equipment.

Idaho Power acknowledges the conclusions of the Idaho

Department of Lands report and remains committed to safely providing reliable, affordable energy to its customers. The company is grateful for the first responders who worked to quickly contain the Valley Fire and the patience of the customers who were impacted by the fire.

OPINIONS ~ Letters to the Editor

Dear Editor,

The opposition to Proposition 1 is disheartening. Did you know our new State Representative, Seat A was elected by only 17% of District 8's registered voters? (Source: Secretary of State election data) How is that okay for anyone committed to a representative democracy? Opening up our primaries would solve this issue.

Contrary to what opponents say, out-of-state forces are not leading the initiative. I've volunteered for this campaign since May 2023. It's very much homegrown. The majority of donations for Idahoans for Open Primaries come from in-state donors. According to its 10/8/2024 Idaho Sunshine Financial Disclosure, \$1,457,639 has been donated to the campaign. \$911,823 of that is from in-state donations, and half of all donations are from individuals. The one major out-of-state donor is Unite America, a

philanthropic venture fund that invests in nonpartisan election reform. (www.uniteamerica.org)

Opponents say "Alaska hates their own open primaries and ranked-choice voting so much they're voting to repeal it." However, its implementation benefited both Republicans and Democrats in Alaska, and Alaska's legislature is now more functional and less polarized. (Alaska Beacon, 10/11/2024 article "What Alaska voters should know as they consider a repeal of open primaries and ranked choice voting.")

Another argument opponents use is that "Independents can register as Republicans, then switch back the next January after voting in the primary." While technically true, it's a pain for us Independents and a nuisance for county clerks.

Finally, the alarmist "not every vote counts" claim has been consistently debunked by the courts. (Source: Congressional Research Service,

Ranked-Choice Voting: Legal Challenges and Considerations for Congress, 10/12/2022)

OPINIONS ~ Letters to the Editor

Ranked Choice Voting (RCV) — more appropriately nicknamed Rigged Choice Voting — was already prohibited by law in Idaho via House Bill 179, but a leftist group is trying to overturn voter choice with a ballot initiative that eventually will destroy Idaho's primary and general elections. (In Idaho, the primary elections often determine the general election winners, so the open primaries of this initiative are particularly harmful.)

Prop 1 will completely restructure Idaho's election system and harm Idaho. How?

1. Requires all primaries to use a wide-open "top-four" scheme technically termed a "jungle" primary. The current partisan primary, where Republicans select the Republican nominee, Democrats select the Democrat nominee, and other parties select their own nominees, would be abolished. Replacing it would be a "top four" primary, where all candidates are on the ballot, and voters can choose any one of them. The top four vote-getters advance to the general election, regardless of party affiliation (or lack thereof). This is unfair! Why should your party choose the candidates from my party? Have your own party, if you please.

2. Implements Ranked Choice Voting (RCV) in our general elections. The general election would be conducted via an instant runoff, also known as ranked choice voting. In this system, voters rank candidates by order of preference, and votes are counted in multiple rounds. If nobody receives an outright majority, the lowest vote-getter is eliminated. This process — which requires computer intervention (what could go wrong?) and eliminates voted ballots — continues until one candidate has a majority. That candidate is then declared the winner.

3. Costs Idaho Taxpayers at least \$40 million by requiring new voting machines and extensive voter education while putting an undue burden on county elections (especially those that span counties such as state Senators and Representatives).

4. RCV votes would be nearly impossible to audit, so if you think cheating is difficult to catch and stop now, just wait until RCV is implemented.

5. Alaska already tried open primaries and RCV, which failed to achieve anything good for the state. Alaska hates this system so much, its citizens are

trying to repeal it.

RCV is incredibly complex, which is why its backers like it! But just ask them to explain it: They cannot! Check out these short YouTube videos so you too can be confused:

Dear Editor,

In November, Basin School District Zone 4 constituents will be voting on whether or not to recall Trustee Patrick Minto. At issue are his priorities and his handling of constituent input.

Mr. Minto has clearly stated that his primary duty is to taxpayers rather than to our children. (This fact is well documented in School Board minutes.) While I strongly support accountability, and want my taxpayer dollars spent wisely, financial accountability is only one aspect of a trustee's role. Of equal, if not more importance, is working to ensure that administration and staff have the resources to meet the needs of our children. This includes encouraging legislators to fully fund public schools, as well as advocating against legislation that threatens support for public education (i.e., vouchers or tax credits, which would lack accountability). Trustee Minto's comments suggest he will do neither of these.

Regarding constituent input, Mr. Minto shared a constituent's personal correspondence about school board business with a friend. The friend subsequently posted the correspondence on social media. I expect more discretion from a trustee.

This month I attended the Basin School Board meeting. During the course of the meeting I was struck by two things:

1. Mr. Minto is very detail oriented (a clear asset); and

2. Mr. Minto is not a strong advocate for public education (a huge deficit).

Another deficit is that Mr.

Minto's written rationale for his retention as a trustee includes unrelated culture war issues, presumably in an effort to win over folks who aren't acquainted with the actual reasons for the recall, and who react negatively to anything hinting of woke ideology. This diversionary, scaremongering tactic makes me question both his motives and his suitability to serve as a school board trustee.

I will be voting to recall Trustee Minto.

Amy Burkholder
East Boise County

Letter to the Editor:

Some in the Basin School District 4, Wilderness Ranch and some not in the District, are attempting to recall Trustee Pat Minto from the Basin School Board. Pat Minto is a long time active volunteer in Boise County and has given thousands of hours to his community. He is a Christian who has blessed many children in the community through the years with his generosity. Some members of the East Boise County community have seemingly been out to eliminate him since his name first appeared on the ballot in November 2023 and well before he was sworn in as a Trustee in January 2024. Pat Minto has always opposed Woke liberal programs that are known to be present in many public schools.

Theresa Pledge, Wilderness Ranch, is the former board member that Pat Minto won the election against in November 2023. She signed the petition to recall Pat Minto.

It appears Conservatives are being targeted. His recall appears on the upcoming General Election's ballot. If you live in the Basin School District 4, Wilderness Ranch, I urge you to vote NO on the Recall of Pat Minto, Trustee, Basin School Board.

Listed below are the talking point facts concerning Trustee Pat Minto, as backed up by a close review of the Basin District School Board meeting minutes:

- Pat has voted to present the tax levy to the voters (it passed), has voted for the Basin budget exactly as presented by the Basin District administration, and has voted to hire every teacher and staff position requested by the district superintendent

-- As a private citizen, Pat op-

posed the November 2023 levy which would have increased the levy rate by 59%, but he supported the levy passed in May which kept the tax levy rate at about the same level as it has been for years

- Pat has questioned many line items in the budget, but has not voted against any spending as a trustee

- Pat has pushed for a ten year building maintenance strategic plan (even before it was mandated by the state), where previous serving trustees did not

- Pat vehemently opposed the District's Gender Policy Number 513, which mandated the use of pronouns by teachers and staff, allowed for biological males to participate in female sports, and threatened teachers and student with disciplinary action for violations. The state legislature has since outlawed such practices, but previous trustees voted for it, some of whom are now circulating the recall petition

- Pat has proposed that the Basin District look to consolidate certain services (such as speech pathologist and school psychologist) with other districts to save on overhead costs, but has not advocated for sending students out of the Basin District for education

- Pat does not unreservedly support the Idaho School Board Association (ISBA) Code of Ethics, as the ISBA originally drafted the Gender Policy, which has since been overturned by state law and the vote of the Basin District board. He has said that state

law is the primary governing set of rules for the conduct of a trustee, not the code of ethics of a private organization that pushed a flawed policy which did not reflect our local values and was ultimately outlawed by the state

- Pat is the target of KTVB, some members of the ISBA, and a local group angry that the outrageous Gender Policy has been overturned and that our school tax dollar expenditure is being scrutinized by a trustee on the school board

Basque Influence in the Boise Basin

By Georgene Thomas
IDAHO CITY -- The Idaho City Historical Foundation held their annual meeting on Sunday October 13, 2024, at the Boise Basin Senior Center. The meeting was well-attended by community members who listened to President Barbara McClain and Treasurer Beth Wilson give financial reports and ask for membership votes on five board openings.

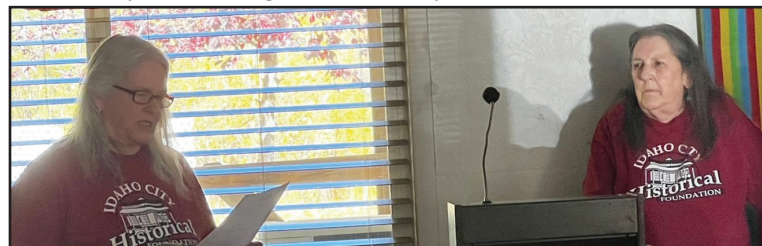

Over the last year, with the help of volunteers ICHF has rebuilt and installed ramps at the Wildfire Museum and in the Kenn Smith Gardens, in addition to building shelves in the Lippincott shed and at the Holcomb Garage. They also raked the Pioneer Cemetery, established a monument for fallen firefighters at the museum, and

helped Idaho City erect a 10-foot fence at the sewer lagoons.

After reviewing their accomplishments and goals, ICHF presented their guest speaker, Dr. John Bieter, who discussed the legacy of the Basque people in Idaho. Bieter stated: "The Boise Basin is much more than just the story of mining. The sheep industry was especially important in southern Idaho and brought a unique community of immigrants to

Boise Basin. At one point there were 3.2 million head of sheep in Idaho, and the influence that the Basque people brought was not only food, but it made a change in the social structure that changed their culture and ours."

Currently Dr. Bieter serves as a professor in the History department and as Co-Director of the Basque Studies Collaborative at Boise State University.

Idaho Constitutional Amendment HJR 5

Legislative Council's Statement of Meaning, Purpose, and Result to Be Accomplished

This proposed constitutional amendment provides that only Idaho residents who are citizens of the United States are eligible to vote in elections in the State of Idaho and that noncitizens are not eligible to vote in any election in the State of Idaho. Currently, Section 2, Article VI of the Constitution of the State of Idaho provides: "[e]very male or female citizen of the United States, eighteen years old, who has resided in this state, and in the county where he or she offers to vote for the period provided by law, if registered as provided by law, is a qualified elector." This provision does not expressly prohibit noncitizens from voting. The proposed amendment adds language to provide that only United States citizens may vote in elections in the State of Idaho.

Statements FOR the Proposed Amendment

1. This constitutional amendment is needed to clarify that United States citizenship is a requirement for eligibility to vote in Idaho elections because the current language does not expressly prohibit noncitizens from voting. The proposed amendment will ensure that individuals who are not citizens of the United States do not vote in any government election in the State of Idaho.

2. The amendment is also needed to clarify that the right to vote shall not be granted in the future to individuals who are not citizens of the United States. Noncitizens have been granted the right to vote in some local elections across the United States. Legislation to expand voting to noncitizens has been considered in other states and cities in the United States.

3. Allowing noncitizens to vote in Idaho elections could lead to concerns regarding election integrity and allow for foreign influence in Idaho elections. The proposed constitutional amendment will protect the State of Idaho from such issues.

Statements AGAINST the Proposed Amendment

1. The proposed constitutional amendment is not needed because United States citizenship is currently required for participation in Idaho elections. Under current law, the Idaho Secretary of State requires citizenship and proof of residency with respect to individuals who register to

vote, and it is a felony for an individual to provide false information on an Idaho voter registration form. Additionally, federal statute provides that it is a crime for a non-citizen to vote in any federal election.

2. Election fraud involving voting or attempts to vote by noncitizens is not a significant issue in Idaho. Adding additional language to the Idaho Constitution in an effort to solve a problem that is not occurring could inadvertently create new problems or add an additional barrier to registering to vote by new citizens and state residents.

3. The proposed amendment undermines local control of local elections. The amendment would foreclose any opportunity in the future for the Idaho Legislature or local governments in Idaho to authorize noncitizens to vote in certain elections that might directly affect their interests.

Amendment Text

Section 2. QUALIFICATIONS OF ELECTORS. Every male or female citizen of the United States, eighteen years old, who has resided in this state, and in the county where he or she offers to vote for the period provided by law, if registered as provided by law, is a qualified elector. No person who is not a citizen of the United States shall be a qualified elector in any election held within the state of Idaho.

Barbara Ann Sims
1951 - 2024

Preceded in death by Sandy Sims. Barbara is survived by her stepdaughter Melissa Boyd (Chris and Emma) of Temecula, CA, her sister Janet Hodge (Byron) of Lakeland, Florida, her brother Craig Smith (Debbie) of Ocoee, Florida, niece Kristen Laatz (Rob, Gabby, and Natalie), Nephews Brent Upham (Allie, Teegan, and Camden) and Darren Smith. Barbara spent her early years as a dental hygienist living in Florida and Arizona. Even though she had a love for the

Arizona desert, she was most content living in the Idaho mountains with Sandy and being surrounded by hundreds of elk and her cat "Chloe." She also loved spending time with her family and neighborhood "Osprey" community. She had a knack for canning, cleaning, setting up her Christmas tree, cooking, baking sugar cookies, feeding the hummingbirds, and loving on all the neighborhood children. She loved her late husband, Sandy, more than life and was hoping to be on the mountain with him for the rest of her life. Barbara had a rare lung disease which was physically exhausting and very debilitating. She battled it for most of her adult life with multiple hospital visits, trips to San Francisco, and being placed

on oxygen. Unfortunately, her health had drastically declined in the past couple years, and she had to be relocated to Florida to be close to family. She passed away surrounded by her family and close friends. The hole that she leaves in our hearts can only be filled with time. We are heartbroken and deeply saddened. Barbara loved her 5:00pm glass of wine. Please honor her today by giving a toast in her memory. The family is asking that in lieu of flowers you make a donation to the American Lung Association. A memorial will be arranged at a later date.

Obituaries are a free service to Boise County residents, as part of the *Idaho World's* commitment to the community.

POTLUCK MEMORIAL
