Idaho's Independence Day: Six Sparkling Facts You Might Not Know

By Dawna Booth

Garden Valley, ID – Last weekend, Idahoans eagerly celebrated the Fourth of July. The morning rain and afternoon drizzles did not dampen spirits. While celebrating independence resonates nationwide, Idaho adds its own unique flavor to these patriotic festivities. Beyond the typical fanfare, there are fascinating tidbits of local tradition that make celebrating America's birthday in Idaho a truly special experience. Here are six fun facts that highlight the distinctive charm of Idaho's Fourth of July celebrations.

1. Garden Valley's Unique & Lively Small-Town Bash

Garden Valley stands out for its incredibly lively small-town Fourth of July celebration, packed with family-friendly activities from dawn till dusk. Nationally known for outrageous fireworks in the town center, the day focused on family-friendly activities. The day began with a delicious Pancake Breakfast at the Senior Center, followed by a flag-raising ceremony at Weilmunster Park. For golf enthusiasts, a Gold Tourney took place at Terrace Lakes. The kids were certainly not left out, with a host of games, thrilling soap box derby races, a unique duck race down the Middle Fork River, and a creative chalk art contest. As evening approached, the excitement built with a "wet and dry parade" featuring our rafting companies, firefighters, and plenty of squirt guns for a refreshing splash! The festivities then transitioned to live entertainment by Bobby Dee Keys Dueling Pianos, setting the perfect mood before the grand fireworks display lit up the night sky. It's a testament to the enduring spirit of community-led celebrations in Idaho.

2. Idaho's Statehood Eve: A July 3rd Connection

While Americans nationwide celebrate their independence from Great Britain on July 4th, Idahoans have a unique historical tie to the day before. On July 3rd, 1890, President Benjamin Harrison signed the proclamation that officially welcomed Idaho into the Union as the 43rd state. Imagine the excitement: Idahoans went to bed that night as a territory and woke up the next morning, on July

"I was reluctant to be in the spotlight, but Val Jones and others convinced me to accept the honor [of Grand Marshall] and to be recognized for my contributions to the community," Linda Ruppel, DDS said. "I love being a part of Garden Valley and am blessed to be able to participate in many areas in some small way. Personally, I am much more comfortable being in the background, so being able to take photos from the inside perspective was fun."

GARDEN VALLEY — Despite an early-morning downpour, the skies cleared just in time for Garden Valley's heartfelt Fourth of July celebrations, where patriotism took center stage under the open Idaho sky.

The day began with a moving flag ceremony, emceed by community member Kraig Wees at Weilmunster Park. Wees led attendees in the Pledge of Allegiance, followed by a stirring rendition of the Star-Spangled Banner. He then introduced this year's honoree—veteran Dennis Foxworthy, a man with a service record as extraordinary as it is courageous.

Foxworthy, a relative of comedian Jeff Foxworthy, was recognized for his heroic military career spanning multiple conflicts and wars. Wees shared stories of Foxworthy's distinguished service, which earned him six Purple Hearts and a host of other prestigious medals. His legacy was commemorated with informative flyers available at the Senior Center, where locals enjoyed a hot pancake breakfast.

Outside, Weilmunster Park brimmed with energy—vendors lined the walkways, families mingled, and the community came together in celebration. From honoring those who served, to indulging in summer traditions, Garden Valley's Fourth of July was a vibrant reminder of the strength and unity found in small-town America.

IDAHO TRANSPORTATION DEPARTMENT — Your Safety · Your Mobility · Your Economic Opportunity

News Release

BOISE COUNTY – The Idaho Transportation Department will apply a sealcoat on State Highway 55 from Horseshoe Bend to north of Banks this summer. The sealcoat will preserve and extend the life of the pavement.

Starting Wednesday, crews will begin work at the boundary of the Boise National Forest at milepost 91, about 12 miles north of Banks, and work their way 28 miles south towards Horseshoe Bend. This work is expected to be completed in early August.

During construction, motorists can expect:

SH-55 will be reduced to one lane with flaggers and pilot cars inside the active work zone.

The speed limit will be reduced and 12-foot width restrictions may be in place.

Work will take place Monday through Thursday from 6 a.m. to 9 p.m. and Friday from 6 a.m. to 12 p.m.

All lanes will be open on the weekends and outside working hours.

Due to the popularity of this highway with recreationists, drivers should plan for delays up to 30 minutes and consider using an alternative route.

There are several other work zones active on this highway. Workers will be close to traffic. Slow down and do not block driveways and entrances along SH-55.

Visit the project website at itdprojects.idaho.gov/pages/55sealcoat to learn more, sign up for email updates or contact the project team.

For real-time traffic impacts drivers are encouraged to use the Idaho 511 system to plan ahead for travel.

BOISE COUNTY COMMISSIONERS

Transcribed by Eileen Capson

July 1, 2025

Present: Commissioners Clay Tucker, Bob Callahan (via phone) and Lindy Lindstrom.

Pledge of Allegiance

MINUTES: Commissioner Lindstrom motioned to approve the minutes from June 17, 2025, and the motion carried.

SOLID WASTE: A motion was said for a transfer station attendant and their pay, which was approved.

SPECIAL USE PERMIT: The special use permit for the Lowman transfer station was discussed with Prosecutor Alex Sosa. Lindstrom motioned to approve the special use permit and the motion carried.

ROAD AND BRIDGE: Chairman Tucker read that there was a request for electrical work. Lindstrom said that the Road and Bridge Superintendent had called him the day prior to ask that they skip this, "so he could be paving today." Tucker said that he had, "No problem at all."

Commissioner Callahan was consulted on the lighting project for the Road and Bridge shop. He abstained from voting, because it concerned "family." Commissioner Lindstrom motioned to approve the electrical quote in the amount of $9,748.82. Commissioner Tucker seconded the motion, Callahan abstained, and the motion carried.

OPIOID SETTLEMENT: There was another opioid settlement that Prosecutor Sosa discussed, adding that the board should sign it. Clerk Mary Prisco said that the dollars go into a restricted trust, and the county has three or four of them, "and we actually have not used a whole lot of it. So, I predict it's going to be there for *decades*. It's not funding our operating funds right now." Sosa explained, "It's *so* restricted. We cannot use it for just drug abuse. It has to be more tied toward opioid abuse." Commissioner Lindstrom suggested it be used towards drug dogs, but Sosa said he already checked and that was not allowed. Lindstrom then motioned to approve the opioid settlement agreement. The motion carried.

AIR ST. LUKE'S: A motion was made in the amount of $55 for the demand warrant to Air St. Luke's and the motion carried.

PROSECUTOR'S BUILDING: Lindstrom motioned to approve the demand warrant for the rent/taxes for the Prosecuting Attorney's building in the amount of $810.45. The motion carried.

CONSTITUENT INPUT: None

EXECUTIVE SESSION: The clerk recommended meeting regarding a "risk management" issue. Commissioner Tucker motioned to go into closed executive session to discuss risk management, and the motion carried. [Time 9:17 am to 9:25 am] Coming back into session, no action was required.

ARROWROCK ROAD: A meeting with the Idaho Transportation Department and the Atlanta Highway District was briefly discussed. Commissioner Callahan discussed a grant, $100,000 per an incident, with LHTAC [Local Highway Technical Assistance Council]. The Road and Bridge Superintendent had sent photos to Commissioner Lindstrom. Commissioner Tucker said that it was for emergencies. Lindstrom said it was for "the damaged spots."

BOARD OF EQUALIZATION: The commissioners oversaw the assessment of the appeal hearings, and landowners questioned the Assessor's assessment of their property. Clerk Mary Prisco swore in the parties, and each side provided testimony.

There was a breakdown by the Assessor's office to provide how they came up with their numbers, per a square foot. Appraisal numbers were debated along with the cost of the land and building(s). There were numerous appellants heard, with each allotted five minutes to state their case and a total of twenty minutes to determine the evaluation of the case. [Time 9:05 am to 11:53am] In deliberating, the Commissioners motioned to sustain the Assessor's evaluation. [Lunch break 11:53 am to 1:30 pm]

The Board of Equalization reconvened. Prosecutor Alex Sosa explained the reasoning behind the board, "where the appellant and taxpayer has the burden of proof to establish the determination that the Assessor made is erroneous." Clerk Prisco then swore in the parties. One appellant said that her property had increased 40% in Wilderness Ranch and the Assessor's office replied that, "As you're aware, we are a market value state, so we have to react to what the market was doing," and presented four market sales to determine the assessed value. The appellant supplied four other comparable property sales that were under the value assessed.

The board again motioned to sustain the assessor's evaluation of the parcel of land and the motion carried. They continued the hearings and then motioning to sustain the assessor's evaluation of the parcel(s) of land and the motions carried.

Another appellant said they had bought their home to retire in about seven years ago at just above $600,000 and now the property is assessed at $1.9 million. He questioned the market value, erratic up and down from year-to-year, "It's just crazy!" Although the board agreed with the appellant, they stated that the fact is that people are paying top dollar for riverfront property and that is reflected in the assessment. Commissioner Lindstrom again motioned to sustain the assessor's evaluation, and the motion carried.

Celebrating Independence Day in Idaho and Boise County

~ continued from page 1

4th, as a fully-fledged state! This makes the Fourth of July not just a celebration of national freedom, but also the anniversary of Idaho's own journey to statehood.

3. The Oldest Continuous Fourth of July Parade: Dubois' Enduring Tradition

For over a century, the small town of Dubois, located on the eastern edge of Idaho, has been a beacon of yearly Fourth of July celebration. Since 1905, Dubois has proudly held its annual Independence Day parade, making it the oldest continuous Fourth of July parade in the entire state. This remarkable tradition speaks volumes about the enduring community spirit and patriotic fervor found in Idaho's smaller towns, where the holiday is often celebrated with an endearing small-town charm, featuring decorated tractors, local businesses, and a deep sense of collective history.

4. Lakeside Spectacles & Grand Scale: Coeur d'Alene's Waterfront Wonders

Northern Idaho's Coeur d'Alene offers a Fourth of July experience that marries patriotism with natural beauty, boasting one of the largest fireworks displays in the country. Imagine the breathtaking sight of fireworks exploding over the shimmering waters of Lake Coeur d'Alene as boats dot the horizon. The city's celebration is a major draw, featuring a parade through downtown, live music, and, of course, a spectacular fireworks show launched from a barge on the lake. Over 30,000 people typically flock to Riverstone Park for the celebration, making it a truly massive spectacle that can be seen for miles around. The unique setting provides a stunning backdrop, making it a favorite for those seeking a picturesque and grand Independence Day celebration.

5. A Sweet Tradition: Reed's Dairy's Fourth of July Frenzy

In Idaho Falls, a beloved local institution adds a deliciously sweet layer to Fourth of July festivities. Reed's Dairy, a family-owned establishment, has been churning fresh ice cream for over 60 years. Their popularity absolutely explodes around Independence Day, with the dairy typically selling an astounding 5,000 gallons of ice cream in a single week leading up to the holiday! Beyond their delectable treats, Reed's Dairy also boasts one of the largest collections of antique dairy equipment in the country, featuring over 60 antique milk cans, 20 cream separators, and 15 milk coolers on display, offering a delightful glimpse into agricultural history alongside your patriotic scoop.

6. Unexpected History: The First Wal-Mart Supercenter's Grand Opening

Here's a truly quirky fact that ties into Idaho's Fourth of July narrative: while the very first Wal-Mart opened its doors in Rogers, Arkansas, in 1962, the first Wal-Mart Supercenter in the United States made its debut right here in Idaho. On July 4th, 1988, Moscow, Idaho, became home to this groundbreaking store, which combined a traditional supermarket with an expanded selection of merchandise. So, as you're celebrating independence, you might also be unknowingly commemorating a significant moment in American retail history, right here in the Gem State!

From unexpected retail milestones to historic parades, massive fireworks, local traditions, unique statehood connections, and lively small-town gatherings, Idaho's Fourth of July celebrations are a vibrant mix of fun and history. Each fact highlights a unique aspect of how the Gem State honors its independence.

Early Fire at Grandjean Sawtooth Lodge

By Terry Riemenapp

BOISE COUNTY -- The Grandjean Sawtooth Lodge campers awoke to an early morning July 4th fire show.

At approximately 2:30am, Lodge staff discovered the campground generator shed/ restroom was a blaze. Jesse, Sawtooth Lodge Manager, informed me the Fire Inspector will provide him with a complete report, hopefully discovering the cause of the fire. The Fire Inspector currently believes the fire originated from above the shed, working its way down the building perhaps in the area of the generator's exhaust pipe. The extreme heat within the shed caused the propane intake pipe/ valve feeding the generator to open, immediately adding 800 gallons of additional fuel to the fire. The building was totally engulfed and burned to the ground within 15 minutes. The campground was immediately evacuated and, with camp spots so close in proximity to the building, thankfully no one was injured. The Lowman Volunteer Fire Department assisted with extinguishing efforts.

The generator was purchased new and installed this spring prior to the Lodge's Memorial Day reopening. The original generators were located above the pool area and were destroyed during last fall's tragic Wapiti Fire.

Two large propane tanks were next to the shed and did not explode.

Wilderness Ranch Fire District Honors Volunteer Veteran at Festive Fourth of July Gathering

WILDERNESS RANCH — Independence Day festivities lit up the Osprey subdivision with sirens, candy, and heartfelt gratitude as the Wilderness Ranch Fire District held its annual Fourth of July parade followed by a special open house at the newly expanded firehouse.

Starting at 10 a.m., fire trucks and ATVs—decked out in red, white, and blue—rolled through the neighborhood in a spirited loop, circling twice while tossing candy to cheering residents. The event drew families and neighbors alike, many waving flags and sharing in the joy of the holiday.

The celebration continued into the afternoon at the firehouse, where the district unveiled its new addition with an open house featuring mouthwatering BBQ, classic sides, and an array of homemade desserts. The community gathered not just to celebrate the expansion—but to honor longtime volunteer firefighter Drew Bodie, who was surprised with an impromptu retirement party.

With a distinguished background in law enforcement for Boise County and years of dedicated service in the fire district, Bodie was celebrated by colleagues and community members who came together to thank him for his commitment and bravery.

Paul and Linda Bucca, former county ambulance EMS, came to congratulate Drew Bodie.

Pancakes, Community, and Radio Cheer: GV's Annual Breakfast Draws a Crowd

GARDEN VALLEY — The enticing aroma of sizzling pancakes greeted early risers on the Fourth of July as the annual Pancake Breakfast took over the Garden Valley Senior Center from 8:00 to 11:00 a.m.—though the overwhelming popularity meant the last flapjacks were served well before closing time.

Hosted as a joint fundraiser for the Senior Center and local radio station KXGV 98.5FM LP, the breakfast brought in a fantastic turnout, creating a line that snaked outside the doors. DJs from the station jumped behind the griddles, flipping pancakes and sharing laughs with guests, adding a lively broadcast flair to the morning tradition.

The event, known for its community spirit and hearty servings, officially wrapped by 10:30 a.m. after the kitchen ran out of food due to the unexpectedly high demand. Organizers called the turnout "amazing as always," noting the event's growing popularity year after year.

For many, the Pancake Breakfast has become a beloved staple of Garden Valley's Fourth of July celebration—where butter, syrup, and neighborly generosity go hand in hand.

Pioneerville History

Idaho History 1800 to Present ~ By Skip Myers

Pioneerville in Boise County was the third largest mining camp in the Boise Basin.

Pioneerville, Idaho, a real Idaho ghost town. It was first settled in 1862 and the peak population was 3,000 settlers and is currently none. Gold discoveries in Boise Basin, August 2, 1862, brought thousands of miners to the region. Pioneerville and Idaho City were founded October 7, and by December, a major gold rush had commenced. From late in 1862 until 1864, the new Boise mines offered the main attraction in the Pacific Northwest. In the spring of 1863, prospecting on the south fork expanded that area of interest. The elevation is 4,439 feet and the commodity was the chance of gold. Pioneerville, also known as Fort Hogem and Pioneer City, was one of the four prominent mining camps that emerged during the Boise Basin gold rush of 1862.

By September of 1863, Pioneerville had a population of almost 3,000 people, making it the third largest camp in the Boise Basin behind Idaho City and Placerville.

As basin placers ran out in the late 1860's, a smelter was built in Pioneerville in an attempt to profit from local silver ores. Not much is on record about the performance of the smelter and it is likely the venture was not successful.

Hydraulic elevators were built around Pioneerville in the 1880's which were successful in keeping the gold industry, and the town of Pioneerville, alive for a while longer.

Ultimately Pioneerville would become a ghost town. Today a few wooden structures remain at the town site. Whatever is left is owned by the Ponce Family and is considered private.

Nearby Mountain Adventure in Stanley, Idaho

By Earl McCreary

BOISE COUNTY -- We all love our mountains and enjoy getting out and into the midst of the beauty. It grows the mind and the soul to adventure into unfamiliar places. My favorite destination is the Stanley area. It is an area that offers many different choices of activity. To me, the drive is the destination. You are guaranteed to see wildlife along Hwy 21 all the way. There are always deer and elk. This trip can be taken in a day or over several days, I have done both.

For the trip up, I recommend stopping by the Sourdough Lodge in Lowman and getting something to eat. The food and people are great. While in Lowman, stop by the Lowman ponds and do a little trout fishing. These ponds are great to take the kids to. Easy access and fish to be caught. The fishing is good right now, and this is a wonderful day trip destination for it.

The Stanley area offers fishing, hunting (during season), mushroom picking, hiking, or off-roading with your ATVs or four-wheel drive vehicle. There are trails for horseback riding. There is so much beauty to see in every direction. There are numerous lakes to visit for fishing or swimming. The best lakes are at the end of a hiking trail. The best lakes for fishing would be Stanley Lake and Alturas Lake.

Stanley Lake

Horse Corrals near Redfish Lake. ***Photos by Earl McCreary***

The best place to visit in Stanley is the backcountry. You can reach it by hiking or on horseback. I would highly recommend going to the Redfish Horse Corrals at Redfish Lake and taking a horseback ride. Mystic Saddle Ranch gives them all summer long and they can range from one hour to two hours. This is a fantastic way to see the beauty the area has to offer. I have been there, the people are great, the rides are impressive, and the price is very reasonable. This is a chance to get your kids on a horse ride and to see a lot of mountains and views not available to most people. When your ride is over, you can go have a meal at Redfish Lake. The food is always good.

There is so much to do in the Stanley area and on the trip up Hwy 21. It is the sort of trip with three destinations: the drive itself, the arrival in Stanley, and of course, the journey back. Every aspect of the drive is just as much a destination as the Stanley area itself. One warning! There will be deer and elk along the road in the mornings and evenings, so be careful, they do seem to like trying their chances with vehicles.

Summer Softball Delivers Thrills, Surprises, and Double Overtime

GARDEN VALLEY — Local summer softball games continued to pack excitement and unexpected twists as Garden Valley teams battled it out under the evening sun.

On June 30 at 5:45 p.m., Tante Emma and Zip Joy—both sporting similar light grey uniforms—took the field in a closely matched contest. The back-and-forth scoring kept fans guessing, but in the end, Zip Joy edged out Tante Emma with a final score of 13–11 in a hard-fought win.

That same evening, history was made as Mel's Muds (GV-tan with green sleeves) and KDM (HSB-black with pink lettering) waged one of the most intense matches in recent memory. After a regulation tie at 16–16, the game stretched through not one but two overtimes. The final inning saw KDM narrowly defeat Mel's Muds, 19–16. For longtime attendees, it marked a first in nine years of summer play—an exhilarating double overtime that brought the crowd to its feet.

Then on July 3, at the usual 5:45 p.m. start time, Fair-n-Square (GV-stars and stripes)—typically a powerhouse—had an uncharacteristic off night against Mel's Muds. In a surprising blowout, Mel's Muds dominated with a record-breaking score of 32–5. The game was called after just three innings by the umpire, another rare move for the season.

From nail-biters to stunning victories, Garden Valley's softball season continues to deliver unforgettable moments and plenty of reasons to cheer from the bleachers.
